## ST LAWRENCE SEAWAY PROJECT IS SOUND

### SPEAKER SAYS COST WOULD APPROXIMATE ABOUT \$270,000,000

#### GREAT SAVING IN TRANSPORTATION

Majority of Work Will be in the St. Lawrence River—Distance Between Duluth and Liverpool Would be Shortened Nearly 500 Miles—Have Fundamentals of Commerce

(By The Associated Press)  
BOSTON, Jan. 24.—There has never been proposed a project so simple in its execution, so sound in its economic possibilities, and so far-reaching in its consequences as the St. Lawrence seaway proposition, William L. Saunders, former president of the American Institute of Mining and Metallurgical Engineers, said in an address tonight at the joint meeting of the American Institute of Electrical Engineers and the American Society of Mechanical Engineers.

The cost of the project by which ocean steamships may be provided with deep water navigation from the Atlantic ocean to the headwaters of the Great Lakes at Duluth was given by Mr. Saunders as \$270,000,000.

The major part of the work so far as expense is concerned, is in the St. Lawrence river, over a distance of 116 miles, less than 5 per cent of 2,500 miles from Duluth to the ocean, he said.

### DIFFERENCES CROPPING OUT IN CONFERENCE

#### Wannamaker Comments on Harding's Address

(By The Associated Press)  
WASHINGTON, Jan. 24.—The national agricultural conference, which was opened here yesterday with an address by President Harding got down to work on details this afternoon when the committee appointed at the first session held their first meeting. The morning was given over to an open session marked by addresses by Eugene Meyer, Jr., managing director of the "war finance corporation," G. F. Warren, of Ithaca, N. Y., who has just completed a study of European conditions, W. C. Mitchell, New York economist, and Her-

(Continued on Page 3)

### CAMPAIGN BILLS OF REPUBLICANS NEARLY MILLION

#### National Committee Still Owes Huge Total of \$708,161.32

(By The Associated Press)  
CHICAGO, Jan. 24.—The Republican national committee still owes \$708,161.32 for the campaign of 1920, which resulted in the election of President Warren G. Harding, according to figures made public today by Fred W. Upham, national treasurer.

This amount will be reduced Thursday, however, when Mr. Upham meets the New England finance committee at Boston. The New England committee will report funds raised since their last report. Mr. Upham will sail from New York Saturday for a vacation in Europe and Africa, and final reports will not be made until he returns, April 6.

The outstanding indebtedness includes \$21,250 borrowed from the New York Trust, Empire Trust and Chase National Bank of New York; \$127,500 borrowed from the Croker National Bank of San Francisco.

At the close of the campaign in November, 1920, the committee was \$1,683,000 in debt, including \$1,405,000 in loans; \$192,000 in unpaid bills and \$86,000 owed to various state committees. In 15 months \$1,400,000 has been collected of which \$741,000 was applied to the loans; the state committees paid off; unpaid bills settled; \$88,000 interest paid and \$752,500 spent for the operation of the national committee leaving about \$60,000 cash on hand.

The Canadian government is now spending \$60,000,000 to deepen the Welland Canal, Mr. Saunders said.

He advocated building dams in the St. Lawrence high enough to flood the Galopis rapids, with canals and locks to get around the dams. Such a system, he said, would be very similar to that used in the construction of the Panama Canal.

A St. Lawrence seaway will shorten the distance between Duluth and Liverpool, market for much of the grain products of the United States, by between 450 and 500 miles he said. The greatest saving, however, will be in transportation charges. Mr. Saunders said asserting that 40 per cent of every dollar spent by western producers for water transportation at present goes in to the haul before Buffalo and New York where unloading and loading charges must be met. "This breaking bulk will be eliminated by the seaway project," he said.

Compared to railroad rates Mr. Saunders said the relative cost of rail and ocean carriages is approximately in the ratio of 100 to 10.

**Great Shipping Costs.**  
Every time a producer in the west ships two carloads of grain to Liverpool more than one carload is absorbed in transportation charges Mr. Saunders said.

The distance from Buffalo to Liverpool by way of the St. Lawrence is about the same as from New York to Liverpool a little over 2,100 miles. The St. Lawrence has a potential capacity of between five and six million horsepower if transformed to electric power, he said, and asserted it had been estimated that utilization of this hydro-electric power would effect a saving in coal of fifty million tons annually.

The population tributary to the Great Lakes is as large as the population of England, Mr. Saunders said, "but the potential manufacturing, producing and shipping advantages of the Great Lakes region are enormously greater. We have the fundamental materials of trade and commerce—iron, lead and zinc, gold and silver, coal, petroleum and timber, grain, cattle, sheep and hogs."

Cheap transportation and not a cheap production cost often accounts for the supremacy of one country over another in any manufactured products he said and asserted that the St. Lawrence seaway would provide such transportation.

### JEWTRAW DIVIDES WITH MCWHIRTER

Pittsburg, N. Y., Jan. 24.—Charles Jewtraw of Lake Placid, and Roy McWhirter of Chicago divided honors in the two senior events at the national amateur outdoor skating championship meet which opened here today. Jewtraw won the 220 yards dash while the Chicago speedster finished first in the three quarter mile event.

At the end of the day each had forty points to his credit.

In a preliminary and semi-final the 220 yards event Jewtraw made the unusually fast time of 19.4-5 seconds and then in the final won in 20 seconds flat.

### CONTRACT FOR MUSCLE SHOALS IS FORWARDED

#### Government Will Accept the Offer of Henry Ford

(By The Associated Press)  
WASHINGTON, Jan. 24.—The proposal of Henry Ford for purchase and lease of the government properties at Muscle Shoals which was embodied in contract form by the war department and forwarded today to the Detroit manufacturer for signature, was praised today in the senate by Senator McKellar, Democrat, Tenn., who declared acceptance of the offer "means cheaper fertilizer for the farmers and the upbuilding of a great section of the country."

The Tennessee senator in his address attacked the National Fertilizer association which he asserted was engaged in spreading hostile propaganda throughout the country bearing on the Ford offer.

"When Mr. Ford made his offer," said Senator McKellar, "he galvanized the alleged liability of the government at Muscle Shoals into a splendid asset. Mr. Ford's offer is the only prospect that has any material substance. It means millions of dollars to the government for its property. It means cheaper fertilizers for the farmers and it means the upbuilding of a great section of the country."

**Reads Text Into Record.**  
Senator McKellar read into the record the text of the original Ford proposal. In order, he said, that the country may know exactly the terms proposed. This offer, he said, was in brief for completion of the Wilson dam by the government to 600,000 horse-power capacity to be leased by the Ford company for 100 years upon payment of six per cent annually for the estimated cost at a figure of \$20,000,000. It also proposed a similar lease on the number three dam and power project at an estimated cost of \$8,000,000.

A letter from Mr. Ford's secretary to Senator McKellar dated January 20 stated that the only material amendment of Mr. Ford's proposal had been insertion of the following clause:

"The company proposes to undertake the construction and completion at actual cost of all the work referred to and when completed and ready for operation will pay to the United States government annual rental of the property in amount equal to four per cent of the total cost of such construction."

**Minister Again in Toils of the Law**  
(By The Associated Press)  
DANVILLE, Ill., Jan. 24.—Rev. Merion F. Taylor, who was convicted of conducting a confidence game and sent to Chester penitentiary in 1920 and was released on parole after serving 18 months, was arrested here today at the request of Sheriff J. E. Morrison of Bloomington, who holds a warrant charging him with issuing a bad check there.

Rev. Taylor was convicted for collecting money by claiming he intended to install moving pictures in the schools of Vermilion county and was charged with signing the name of the county superintendent of schools as endorsement to a check. While a jail here he received two checks aggregating over \$100 from a Kansas woman on promises to send diamonds to her.

Another letter from the woman containing a check for \$100 was intercepted by Sheriff Knox, who warned her in time to stop payment on it.

He was planning to begin a revival at Hawbuck, near here, next Sunday night.

### NEGROES GIVEN HEAVY SENTENCES

(By The Associated Press)  
OKLAHOMA CITY, Jan. 24.—Justice was speedily administered and in heavy portions in district court here today when five negroes, self-confessed members of the party that lynched Jake Brooks, negro packing house worker here on the night of January 11, pleaded guilty before Judge James L. Phelps and were sentenced to life imprisonment in the state penitentiary at McAlester.

### RAILWAY SHOP CRAFTS REJECT RULES OF BOARD

#### Circular is Issued by Committee of 100 to Workers

(By The Associated Press)  
CHICAGO, Jan. 24.—Rejection of all railroad shop rules, recently promulgated by the United States railroad labor board, which cut time and one-half pay for extra work from the shopmen's wage was ordered today by the committee of 100 acting for the six railway shop crafts.

In a circular issued to the 500,000 shop workers in the country, the committee ordered new disputes instituted with the railway managements immediately over these rules and failing an agreement, taking of the disputes to the labor board for hearing.

The circular was signed by the International Presidents of the six shop crafts unions.

The greatest dissatisfaction centered on Rule 6 providing straight time for regularly assigned work on Sundays and holidays. This work was previously paid for at time and one-half. The committee proposed a substitute rule reinstating time and one-half.

The board's new rules covering employees assigned to emergency road work and to fill temporary vacancies at outlying points were also rejected by the committee because they took away certain pay provisions contained in the old National agreement made during federal control.

Under Rule 10 emergency employees are paid for time worked in accordance with the practice at the home station and straight time for all time waiting or traveling.

The union committee directed institution of a dispute to reinstate time and one-half and double time to cover all time spent on the emergency assignment, whether working, waiting, or traveling.

Similar provisions will be asked in disputes to be created over rules 12 and 14, applying to men assigned to temporary vacancies at outlying points and to men on road work who leave and return to their home stations daily.

The board's new rule allowing the carriers to require a physical examination of all applicants for employment was also remanded to the system federations to renegotiate with the individual roads.

The committee directed that the dispute be instituted to have this rule modified in the interest of the employees.

**SEEM NEAR TO SETTLEMENT IN INSURANCE WAR**  
Conference of Superintendents of Three States Clears Matters

(By The Associated Press)  
CHICAGO, Jan. 24.—The "insurance war" which threatened companies in Illinois, Indiana and Missouri as the result of a Missouri deposit ruling was an its way to settlement after a conference of the insurance superintendents of the three states here.

Those attending the secret conference were Thomas Houston, of Illinois; Thomas S. McMurray, Jr., of Indiana and Ben C. Hyde, of Missouri.

Mr. Hyde after the conference said that many difficulties had been ironed out, but that a complete agreement had not yet been reached against next week to complete their agreement. The controversy resulted from a ruling by which Illinois and Indiana companies are compelled to make a \$25,000 deposit when doing business in Missouri, and Missouri companies are required to make a similar deposit when operating in Illinois and Indiana.

### WINTER FRUIT FROM ARGENTINE

#### NEW YORK, Jan. 24.—The first large consignment of winter fruit from Argentine ever to reach the United States arrived today from Buenos Aires.

The shipment consisted of nearly a ton of peaches, plums and apricots. From now on it was said New Yorkers may expect to eat South American fruit the year around.

**BURGERS MAKE BIG JEWELRY HAUL**  
Chicago, Jan. 24.—Jewelry valued at \$12,000 and nearly \$1,000 in checks and currency were taken from the home of Mrs. Edith Palmer here tonight by burglars.

### BRIEFS

(By The Associated Press)  
HAZLETON, Pa., Jan. 24.—A reduction of 25 cents a ton in the price of egg, stove and chestnut coal and 10 cents on pea coal, effective tomorrow for the remainder of the month was announced today by the Jeddite Highland Coal Co., a large concern. The cut has been made to stimulate trade, it was announced.

LONDON, Jan. 24.—More than 2,000 unemployed staged a demonstration today in the neighborhood of West Bromwich police court, where five of their leaders faced charges of intimidation. Traffic was held up for several hours, when the police charged the manifestants with their batons, injuring several.

DECATUR, Ill., Jan. 24.—The state convention of the Illinois Society Engineers opened here this afternoon following addresses of welcome by the mayor and others the discussion was on surveying and use of aerial photography in topographical work.

STERLING, Ill., Jan. 24.—Wallace Fike's grocery store in Milledgeville, north of here, was totally destroyed by fire, early today, with an estimated loss of about \$3,000. An over-heated stove is supposed to have caused the blaze.

PEORIA, Jan. 24.—Burglars Shaker Essa, Assyrian, were routing the grocery store of last night when Mrs. Essa unexpectedly came in while Essa was being held up and hurled grape fruits condensed milk, and onions at the robbers, putting them to flight.

PEORIA, Ill., Jan. 24.—Four below zero here this morning was the lowest mark reached since late in December, 1920, the weather bureau announced. Ice companies are harvesting 1,600 tons of ice from the river. The ice is 12 inches thick.

OSHKOSH, Wis., Jan. 24.—The cold wave hit its lowest mark of the winter here last night when the government thermometer recorded 23 degrees below zero. The ice on the lake is 20 to 25 inches thick, where a year ago it was 10 to 12 inches.

PORTLAND, Maine, Jan. 24.—Temperatures ranging from an 11 below to 7 below at the weather bureau here marked the coldest weather of the winter in the region today.

WASHINGTON, Jan. 14.—Appointment of Oscar Grann, of Anna, as a prohibition agent for Illinois was announced today by Commissioner Haynes.

SPRINGFIELD, Ill., Jan. 24.—Bedbugs in the Sangamon county jail aroused a complaint by a prisoner's wife and today resulted in his transfer to the McLean county jail at Bloomington. Mrs. Clarence Smith of Benld, made a personal inspection of the jail after Federal Judge FitzHenry had sentenced her husband there for three months for bootlegging. She returned to court and told the judge the Springfield jail was fit for no human being. The judge complied with her request and made the change.

WASHINGTON, Jan. 24.—Sale of Southern railway Company equipment trust certificates in the amount of \$5,946,000 to the Guaranty Trust Co. of New York, was announced today by Director General of Railroad Davis. The sale was under the government's new plan of holding one-third of all maturities of car trust certificates, disposed of.

SPRINGFIELD, Ill., Jan. 24.—J. Earl Major of Hillsboro, was endorsed as the Democrat candidate for congress from the 21st district by the District Democratic Congressional committee here today. Mr. Major was the party nominee two years ago but was defeated in the Republican landslide. Former Mayor Schaepp of Springfield, who has been mentioned as a candidate, will withdraw from the race, it was announced, so there will be no contest at the party primary.

BORDEAUX, Jan. 24.—Former Empress Zita, of Austria-Hungary, left today for Madrid on her way to the island of Madeira to join her son, Robert, who recently underwent an operation in Switzerland.

CHICAGO, Jan. 24.—A baby buggy reposed in a police station today as evidence. Two men who were pushing it solicitedly, excited the suspicion of a patrolman who approached them, removed a dainty coverlet and discovered three dresses an automobile robe and two automobile tires occupying the place ordinarily accorded to an infant. The property was identified as that stolen from several homes.

### PROPOSAL FOR SOLDIER BONUS BEFORE SENATE

#### Formally Presented Tuesday by Senator Simmons

(By The Associated Press)  
WASHINGTON, Jan. 24.—The question of a bonus for former service men again was formally presented to the senate today thru the introduction by Senator Simmons, Democrat, North Carolina, of the five way adjusted compensation plan as an amendment to the pending measure providing for refunding of the war-time loans to the allied powers.

With the exception of the provisions for payment of the bonus, the Simmons amendment is identical with the bonus bill taken up by the senate last summer and recommended to the finance committee after President Harding had addressed the senate on the subject.

The provisions for payment of the bonus call for the issuance of short term treasury certificates until interest on the debt can be collected to retire them, and later the use of the principal of the debt, if and when such becomes available, thru the issuance and sale of the foreign bonds.

Mr. Simmons assured the senate that he was bringing the subject up because the finance committee of which he is the ranking Democrat member had given "serious consideration," to attaching it to the funding bill before the latter was reported to the senate.

It was said that at informal conference among Democrats, Mr. Simmons had been assured of his colleagues' support.

Senator Walsh, Democrat, of Massachusetts, also submitted an amendment to the bill stipulating that any agreement resulting from negotiations between the proposed commission for funding the debt and the foreign representatives should not be binding on the American government until the consent of the senate had been obtained. Such provisions previously were pressed before the finance committee but were not accepted, it was said, because of objections of the treasury.

**Fears Foreign Speculators.**  
Mr. Simmons declared that when the senate committee agreed to strike out the provision for a flat five percent interest rate it had left the way open for the "international speculators to gather the fruit."

The Republican majority on the committee he added, had in mind a reduction in the interest rates to be demanded of the foreign governments in the future.

Senator Watson, Republican, Indiana, interrupted to say that he as a majority member had felt the flat rate provision was unnecessary inasmuch as "your party" addressing Mr. Simmons, "when in power wrote into the liberty loan acts the provisions which have governed interest rates on the loans up to this time."

He declared that the provisions requiring a rate from the foreign government approximately equal to that paid by the United States on its own bonds was the only "rational way" to dispose of the question.

"As for the contemplated reduction," Mr. Watson continued, "I have always had such views both as to the interest of our own bonds and those of the foreign governments. Why should our government pay five percent if in 15 years it should decide to fund its bonds and could borrow all of the money it needs at three percent? Where would this government be if the five percent rate were in the law and we reduced our own rate when this government is morally bound to ask no more of the foreign governments than it pays on its own borrowings?"

**THE WEATHER**  
(By The Associated Press)  
ILLINOIS—Generally fair on Wednesday and Thursday, rising temperature.

**Temperatures.**  
The current maximum and minimum temperatures as recorded Tuesday were:

Jacksonville, Ill.	10 16 2
Boston	12 16 6
Buffalo	14 16 4
New York	16 22 10

San Francisco	56 60 40
Winipeg	2 20 9
Cincinnati	14 18 6

### ITALIAN CARDINALS WILL PREDOMINATE IN THE CONCLAVE

#### No Result is Expected on First Ballot as it Requires Thirty Six Votes to Elect—Only Fifty-Five Will be Present—Italian Probably Will be Selected Successor to Benedict

(By The Associated Press)  
WASHINGTON, Jan. 24.—As a result of the death of Cardinal Almaraz y Santos, archbishop of Toledo, Spain, one day after the death of the pope, it was said here today the non-Italian cardinals who will enter the next conclave will be reduced to 29 as against 31 Italians.

It is considered probable here that Cardinal O'Connell, who is said to support the election of Cardinal Merry del Val, will not arrive before the proclamation of the new pope, nor will Cardinal Dougherty of Philadelphia who is said to support the election of Cardinal Gasparri.

Other cardinals who it is believed will not be at the opening of the conclave are Begin, archbishop of Quebec; Cavalcanti, archbishop of Rio de Janeiro, and Prisco, archbishop of Naples. In such an event there will be but fifty-five cardinals present at the conclave on February 2.

It is expected that on the first ballot no one will even approach the two-thirds vote of thirty-six required. The first ballot, it was said today, would certainly show votes for Gasparri, De Lai, Pomi, La Fontaine, Poggiani, Landi, Maffi, Mery del Val and Mercier.

The second ballot however, it was added, would probably reveal the two strongest candidates. If the necessary vote is not received by a candidate on the third or fourth ballot, it is most likely that at the fifth ballot on the morning of February 4, the majority of the sacred college will agree on a candidate outside of those who have received insufficient votes in the two previous days. It was asserted here today that any impression of rivalry between the Italian and the so-called foreign cardinals over the selection of a Pope of Italian or non-Italian authority was mistaken.

**Agree Pope Should be Italian.**  
Most of the so-called foreign cardinals agree that the Pope should be an Italian because of tradition (only forty-eight Popes were foreigners out of 260) because the seat of the papacy is in Italy, (when it was at Avignon the Popes were French) and because of the neutrality which the Italians maintained in the most momentous periods in the history of the papacy.

The coming conclave is an example of the difficulty of electing a Pope from outside Italy. The most popular foreign candidate now it is considered, will be Cardinal Mercier, but he is expected here to receive at the outside only the votes of the five French cardinals, two English, two Poles, one Canadian, one Portuguese, one Czech-Slovak and perhaps the Italians, making a total of less than twenty-eight votes.

This figure probably could not be augmented, it is said, as many cardinals have not sympathized with his attitude during the war and would not vote for him.

The only possibility of returning now, after several centuries, to a non-Italian Pope it is believed, lies in the selection of Cardinal Merry del Val, who because of his long sojourn in Rome is considered as an Italian. Yet his election is considered improbable.

**WILL LIE IN STATE FOR ANOTHER DAY**  
(By The Associated Press)  
ROME, Jan. 24.—For another day the body of Benedict XV will lie in state. The funeral ceremony will thus be to take place Thursday. An official announcement to this effect was made this afternoon with the qualification, however, that should previous burial be advisable, the final rites would occur tomorrow as originally arranged.

Benedict's tomb will face that in which Pope Pius VI lies; it adjoins that of Queen Christina of Sweden, who, having abdicated the throne in 1654, settled in Rome, where she died in 1689.

**FOUR KILLED AT GRADE CROSSING.**  
INDIANAPOLIS, Ind., Jan. 24.—Four persons were killed when a four-car Indianapolis and Cincinnati freight train struck an automobile in which they were riding at a crossing here tonight. The dead are Calvin S. Smith, 41 years old, his wife Mary Smith, 36 years old, Neal Treaster, 39 years old of this city and John J. Wright, aged 46 of Martinsville, Indiana.

### ARMY DELEGATES PRACTICALLY THRU WITH THEIR WORK

#### When Tuesday's Session Opens Swing Into High Speed

(By The Associated Press)  
WASHINGTON, Jan. 24.—Swinging into high speed again, the arms conference today made quick work of the Siberian question virtually agreement on the sole remaining issue of the naval reduction plan completed a redefinition of the scope of the four power treaty and pushed on toward a solution of the Shantung tangle and various lesser problems.

Little save perfunctory detail remained tonight to bring all the diverse tasks of the conference to a simultaneous conclusion. Some of the delegates predicted that the final windup would come within a week.

Concerning Siberia the far eastern committee listened to and spread on the conference record detailed statements of the respective views of the Japanese and American governments. Japan

### SPEAKER ATTACKS THE UNIVERSITY OF CHICAGO FACULTY

#### Says That They are Biased and Unfair to Waterway Projects

(By The Associated Press)  
CINCINNATI, O., Jan. 24.—Declaring that the University of Chicago was "endowed by railroad interests," that its professors were "railroad propagandists," who were "biased, hostile and unfair," to waterway improvements, Albert Krell, president of the Central Inland Waterway Association created a stir at the hearing of the United States board of engineers for rivers and harbors here today.

He criticized the previous special board of engineers, for going to such an institution "for advice on the question of building the proposed Lake Erie to Ohio river barge canal."

General Harry Taylor, chairman of the board declared that Mr. Krell was drawing a "very erroneous conclusion," if he meant to question the integrity of the special board.

General Taylor for his own board, then said:

"We are favorable to the project," meaning the general project of a lake-to-Ohio river canal.

Mr. Krell said that the report of Professor J. M. Clark of the University of Chicago for the special board indicated that it would cost \$400,000,000 to build the canal from Cincinnati to Toledo with its branch to Lake Michigan and that Mr. Krell gave other figures to show these figures were three times too high.

General Taylor said that Professor Clark had nothing to do with these estimates.

service from the holdup men in the Ohio city. Only yesterday pay- roll messengers for the Nash Co., were compelled to "stick 'em up" and relieved of \$8,500 in cash.

An order has just been placed by representatives of the govern- ment of Poland for the purchase of \$10,000,000 worth of American goods. It is said that other similar orders are to follow. It will not take a great number of orders of such size to have a very decided effect upon general busi- ness conditions.

The condition of the wool mar- ket is said to be quite a surprise to many manufacturers who use wool. In the past few weeks the price has advanced something more than 25 per cent. The change is said to be the result of the emergency tariff, and a some- what limited available supply.

The increase comes at a time when many manufacturers are about ready to go into the market so that higher manufacturing costs of woolen goods can be in- cluded in the forecast.

A powerful faction represented in the present agricultural confer- ence, will demand among other things insurance for the farmers against loss. The farmer no doubt needs government as- sistance thru legislation, either directly or indirectly, but he does not have preferred rights over other lines of business which en- title him to government insurance of profit.

Some of the elements of chance should be taken out of the farmer's category, but the weather and some other factors must always contribute some element of chance.

**THE STATE'S GOOD ROADS PROGRAM.**  
Senator Meents in discussing the hard road program in Illinois, speaks from a careful study of the project. The bill which he sponsored at the last general assembly put teeth into the road law which enabled the administration to hammer down the cost of road construction to a reasonable basis. It was thru this program that millions were saved for use in further construction work. The course of the administration with reference to the hard road program has been sound and business-like. As Senator Meents said last night, the administration is entitled to this credit and the people should assist in the effort to- ward a further development of the program.

**OBSTRUCTIONS IN BUILDING TRADES**  
The Bache Review gives the following interesting statement as to the prevailing situation in the building trades.

There is, and has been for a long time, a semi-deadlock in the building trade, and all in all, five and one-half million laboring

men, representing nearly one-quarter of this class of population are suffering more or less from this deadlock. Mr. George W. Hinman discussed this recently in The American. Five billion dollars' worth of work is waiting to be done in building alone in the United States. Other construction that needs to be done, but cannot even be started, would add several billions more to the amount. More than 2,500,000 men want to get at this work, and only half that number are able to do so. The rest are idle.

"More than 3,000,000 men are anxious to furnish the supplies for construction industry, but they can be only partly employed. Of the 5,500,000 men engaged in the building and buildings ma- terial trade, 2,500,000 are direct- ly occupied with construction work in ordinary times. Of these, but 850,000 are organized in unions. Therefore, the non-union men have a large majority, and also, therefore, the bulk of the construction work ought to be and can be placed in their hands. But the 850,000 are or- ganized; the 1,650,000 are not. The remedy, says Mr. Hinman, is the open shop, but the open shop means open warfare, and nobody is organized to conduct it."

**ILLINOIS LOSES TO WESLEYAN TEAM**

Meet Defeat by Score of 44 to 26  
—Wesleyan Best Team Illinois Has Faced This Season.

BLOOMINGTON, Ill., Jan. 24.—Illinois Wesleyan University basketball team outclassed Illi- nois College of Jacksonville in a Little Nineteen conference game here tonight. The final score was 44 to 26 for Wesleyan. Il- linois took a spurt at the start and made four points before Wes- leyans scored, but they were soon headed and Wesleyan kept a safe lead all the way. Antrobus was the best player for Illinois and Haussler was high scorer for Wes- leyans. The last quarter Wesley- an used an entire second string team.

The score:

ILLINOIS	F.G.	F.T.	Ts.
Antrobus, f.	3	9	15
Fraser, f.	2	0	4
McConnell, f.	0	0	0

**WAYNE GARD WRITING FOR FOREIGN JOURNALS**

In a recent letter to his par- ents, Wayne Gard, now a member of the faculty of Cushman col- lege at Ranchoon, Burma, makes mention of the extensive prepara- tion being made for the ap- proaching visit of the Prince of Wales. The Jacksonville young man had already made a reserva- tion and was looking forward to the event with some interest.

Altho so busy with his college duties, Mr. Gard is finding some time for literary work. He has an article in the current issue of the Looker On, an illustrated weekly magazine published in Bombay, and two articles from his pen appeared in the cur- rent issue of the Calcutta Review, a monthly literary journal pub- lished by the University of Calcutta.

Mr. Gard is one of the most versatile young men Jacksonville has produced in recent years and while he has literary tastes his has not been a one-sided develop- ment.

**IS GUEST IN FRANKLIN.**

Mrs. F. W. Reuter of St. Louis, is in Franklin for a visit of sev- eral days with her mother, Mrs. C. J. Glenn, and her sister, Miss Dorothea Sargent.

State of Illinois, ss.

County of Morgan  
In the Circuit Court thereof, to the February term, A. D. 1922.  
In Chancery.

Louis H. Wegchoff, Complain- ant vs. Charles Wegchoff, Minnie Skinner, Emma Saegesser, Lena Orr, Nettie Freeland, Elmer Jer- den, Marjorie Jerden, Virginia Jerden, Fred Jerden, Jr., and J. M. Chestnut, Defendants—Bill for Partition.

Notice is hereby given that the complainant in the above entitled cause has heretofore filed his bill of complaint against the above named defendants in said cause in the Circuit Court of Morgan County, Illinois, on the chancery side thereof, and that a summons issued out of the office of the clerk of said court in said cause against the above named defend- ants, returnable on the first Mon- day of February, A. D. 1922, at the Court House, in the City of Jacksonville, in Morgan County, Illinois, which said suit is still pending and undetermined in said court and is a bill for partition to the following described real es- tate, to-wit: Lot Five (5) in Block Twelve (12) in Aylesworth and Cobb's Addition to the town of Meredosia, situated in the County of Morgan and State of Illinois.

Witness: F. E. Wanamaker, Clerk of said Circuit Court and seal thereof, this 3rd day of January, A. D. 1922.  
(seal) F. E. Wanamaker, Clerk.  
Walter W. Wright, Solicitor.

**DANCING TEACHERS IN ST. LOUIS ORGANIZE**

Form Organization for Purpose of Standardizing Dances and Doing Away With Present Prevalent Form.

The following article appeared in the St. Louis Times of recent date with reference to a society recently formed by the dancing instructors there. The object of the new organization is to stan- ardize dances and do away with jazz. The article appeared be- low:

Jazz must step down from first place and take a back seat. It has been a "front row light" too long. That is the edict of the dancing instructors. They have organized a society with Jacob Mahler, long a well known dan- cing teacher, as their president. The society is called the Protec- tive Association of Teachers' of Standardized Dances and do away with the present prevalent form. The art of dancing is to be elevated. Dancing schools should not teach the "shimmy" or the "camel walk." The shake and the hump are to be replaced by the good old "one, two, three- glide," of former days. Dimin- utive dancers will learn the rudiments as their great great grand- mothers—the graceful days were that far back—did. A curtsy, a bow, a gentle clasp and a grace- ful glide to the fund of the dreamy "Blue Danube." Instead of a jerk, a shake, a series of conclu- sive motions to the noise of "Whose Baby Are You?"

Syncope will be encourag- ed. The rhythm that makes the dance delightful will still be there without the vulgar blare. All "hardware music" as it is called will be abolished. Only the more refined instruments will be used. The seaphone with its undula- tions is marked for "scrapping." Like the doomed battleships in the disarmament program it is something you can live without, not something extra you can use. The violin, the piano and a few other instruments to lend tone will form the orchestra. Banjo players will have to go back to the pre-historic mandolin or go into the bond business.

The society has already been instrumental in obtaining a city ordinance that forces all dance halls to have licenses and only issue license to those that refuse to allow vulgar dancing on their floors. The society is working now to have a public dance hall supervisor elected so that an ex- pert can pronounce what is vul- gar and what is not. The or- ganization meets the first Sunday of each month.

**ROODHOUSE RESIDENT IS SERIOUSLY ILL**

Mrs. J. S. Triplett Stricken With Heart Attack—Bert Todd a Chicago Visitor—Other Rood- house News.

Roodhouse, Jan. 24.—Mrs. J. S. Triplett was stricken with an at- tack of heart disease recently while at the telephone. She fell to the floor in an unconscious con- dition and has since been critical- ly ill. Mrs. Triplett has not been in robust health for some time past. She suffered an attack of influenza and pneumonia last fall which affected her heart. Her many friends hope for her early recovery.

Bert Todd went to Chicago Sunday and remained over Mon- day for the transaction of some business affairs.

Mrs. L. B. Patterson of Chic- ago and George B. Patterson of St. Louis were here Tuesday to ac- company Mrs. and Mrs. John Jones to Patterson to attend the funeral of Joseph W. Patterson.

Mrs. R. A. McCarty has been ill for the past week but is now somewhat improved.

Postmaster W. C. Roodhouse has arranged for additional mail service at Roodhouse. A pouch for each of the cities of White Hall, Carrollton, Kane, Jeseyville and St. Louis is put on the early morning passenger train (Jack- sonville-St. Louis accommo- dation) at Roodhouse. This places local mail from this point into the cities earlier than was previously true. A pouch from each of the same cities comes back to Roodhouse on the evening accommodation at 8:25 p. m.

Mrs. Charles Fuller arrived here Monday from Detroit, Mich., and will be a guest at the home of her parents, Mr. and Mrs. A. H. Johnson, for some time. She was met in Jacksonville by her father. Enroute home she will stop in Chicago for a visit with her brother, Ray C. Johnson.

**STREET CAR AND AUTO TRUCK COLLIDED**

A truck belonging to the Jack- sonville Transfer Co. came into collision with street car No. 36 Tuesday morning at the corner of West State and West streets. The truck was turned completely around by the force of the impact and the glass in the front of the street car was broken and the coupling bar also broken. The truck was driven by Reginald Walsh.

**WILL GO TO VIRGINIA.**

State's Attorney Carl E. Robin- son and D. J. Staley will go to Virginia today to represent Miss Dorothy Nash in a suit which will be on trial there today. Miss Nash, who is a former teacher in school district No. 45 of Cass county, brought suit to collect \$500 salary which she al- leges is due her.

**CARD OF THANKS.**

We wish to extend our sincere thanks to all for sympathy, kin- dly acts and floral offerings dur- ing the illness and after the death of Lucy Ida Triebert.

**OLD JACKSONVILLE**  
EDWARD BEECHER

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

Dr. Edward Beecher was briefly alluded to in the "O. J." article on "Presidents of Illinois College," in the Journal of January 11th, 1922.

President Sturtevant was also given a short notice in that sketch, but had been told of at length in an early paper of this series.

It is not a disparagement of Mr. Sturtevant to say that Mr. Beecher was the most noted of those who have presided over our "College on the Hill." Men may be noted in many ways.

Edward Beecher belonged to a family remarkable for its abilities and accomplishments, being a son of the Rev. Dr. Lyman, one of the greatest of Americans.

Dr. Lyman Beecher had three wives and was the father of thirteen children. Of these who matured seven sons became min- isters, Henry Ward being most distinguished, and Edward was next. There were four girls, of whom Mrs. Harriet Beecher Stowe and Miss Catherine Esther be- came most prominent, and de- ceased so. Thomas Kinnicut was a graduate from Illinois Col- lege, and became a leading pas- tor for years, in Elmira, New York.

The Beechers were great talk- ers and great writers, but above all they were active in opposition, counting no danger of body or reputation to be avoided.

Edward Beecher, son of Dr. Beecher's first wife, Roxanna Foote, was born in East Hampton, L. I., August 27th, 1803. Edward was graduated from Yale and Andover, tutored a year at Yale, and became pastor of Park Street Church, in Boston, in 1826. He was elected President of Illinois College in 1839, and held that office until 1844, when he took the Salem Street Church in Bos- ton; taking the Congregational church, in Galesburg, Illinois, in 1853, and holding that pastorate until 1870. He retired from the pulpit in 1872, until 1885-1889, and removed to Brooklyn, N. Y. Marietta College conferred the degree of D. D. on him, in 1841.

He founded the first Anti- Slavery society in Illinois. He was a constant contributor to period- icals, and was senior editor of the "Congregationalist" for its first six years and after 1870 a regular contributor to the "Christian Union." He also wrote a number of books: "Address On the King- dom of God," "Six Sermons on the Nature, Importance, and Means of Eminent Holiness Throughout the Church," "His-

**SENIORS LOSE TO SOPHOMORES**

The Seniors of Illinois College lost to the Sophomores at basket- ball in the college gym Tuesday afternoon by a score of 11 to 10. The game was hard fought and was not decided until the final whistle.

**IMPORTANT CONTRACT**

The Russell Stovers Com- pany of Chicago, who invent- ed and patented the process for dipping ice cream in choc- olate or other coatings, whose patent number is 1,404,359, has this day sold the right to use their patent- ed formula and wrappers in Jacksonville, to J. W. Merri- gan of this city, who will in- stall at once the necessary fixtures for turning out the product known as "Eskimo Pie" in large quantities. This is the candy way of eat- ing ice cream.

The company has started one law suit of \$100,000 against a large firm in Chi- cago for making and selling an imitation of the patent un- der a different name, and will start other suits just as soon as they can get to them.

Mr. Merrihan is very en- thusiastic about his contract, and says it is the best idea ever brought out in the ice cream business.

**DAVID PRINCE MIDGETS WON.**

The David Prince Midgets bas- ketball five defeated the Washing- ton school five in the school gym- nasium Tuesday afternoon the final score being 15 to 8. The line- up of the teams follows:

Washington—Johnson, Kilian, forward; Chapin, Emmy, guards; Davis, McLaughlin, centers.

David Prince—Vieira, Vascon- cellos, forwards; Brinkman, Clem- ent, centers; Rabjohns, Strawn, guards.

Mrs. S. O. Cromwell of Salem, was in Jacksonville yesterday and was accompanied home by Mr. Cromwell who has been a patient in Passavant hospital.

## CITY AND COUNTY

Mrs. Lester Reid of southeast of town was shopping in the city yesterday.

Clifford James and E. G. Dewese represented the Ebenezer vicinity in Jacksonville yesterday.

Mr. and Mrs. Lloyd Chomwell were visitors to Jacksonville yesterday coming from Salem.

Frank Green of Strawn's Crossing was a visitor to the city yesterday.

Mr. and Mrs. Patrick Wolfe of Davis Switch were shopping in the county yesterday.

Morris Thompson of Alexander made the trip to the city yesterday to look after business.

Lewis Moeller of east of the city was calling on local business men in Jacksonville yesterday.

Thomas Finn, of the firm of Finn Brothers, Virginia, was in the city yesterday.

Clyde Chapman of Murrayville made the trip up to the city yesterday.

Adeline China was a Virginia visitor to the city Tuesday.

Mr. and Mrs. Howard Rent-schler and daughters of Concord were supper guests of Mrs. Lou-

isa McCarty and daughter, Hazel, on Wednesday.

Mrs. Emma Cully and daughter Miss Elsie, were shopping in Jacksonville Tuesday.

L. C. Moss of Joy Prairie made the trip to the city yesterday.

Paul Reed of the Ebenezer district came in to the city Tuesday to look after business matters.

George Fligg was a Lynville visitor to the city yesterday.

Ralph and Everett Reynolds were in Jacksonville yesterday on a business mission.

Mr. and Mrs. Albert Weeks returned from Springfield Friday night where they spent the day with Philip Stock at the Hospital.

Miss Eloise Bates of Springfield, came Saturday to visit with her parents, Mr. and Mrs. Sam Bates.

BURLINGTON TO BUY ENGINES

The Burlington is receiving bids for a total of fifty-five locomotives—heavy passenger and heavy and light freight engines.

I hereby announce myself a candidate for Republican nomination for County Judge, subject to the primary election to be held in April.

HUGH P. GREEN.

## ILLINOIS' GOOD HERDS ARE ENTERED

LAWRENCEVILLE, Ill.—(By the A. P.)—Herds of dairy cattle holding highest records in Illinois are entered in the dairy cattle show held here in connection with the Illinois Dairymen's convention opening today.

Lawrence County offers the Jersey herd of C. H. Miles and the Holstein herd of J. N. Stansfield. The latter herd is one of the best known in the middle west.

It includes such animals as Dower, Homestead, Pierb, 2nd, with a record of 29,963.7 lbs. of milk and 722.87 pounds of butter fat, and Colanthe Belle de Kol Korudye, a senior two year old, with a record of 18,333.2 lbs. of milk and 742.21 lbs. of butter fat.

Among the Jerseys shown by Mr. Miles will be the bull that took first over all at the state fair last year and second among all aged bulls from all states. A young bull of this herd was also grand champion at the Jersey bull show at Robinson last summer.

PEORIA MAN ON TRIAL FOR MURDER.

LOS ANGELES, Cal., Jan. 24.—Retrial of Joseph Studer of Peoria, Ill., on a charge of murdering his mother, Mrs. Elizabeth Studer 85, was set today for February 20. A jury unable to agree in the first trial, was dismissed Saturday night after 24 hours deliberation.

COLD WEATHER

SANTA BARBARA, Cal., Jan. 25.—More than 50,000 clams were killed along the Pismo Beach by the cold weather it was announced by the game commissioner here today.

MYRLE C. REYNOLDS,

(seal) Notary Public.

## FUNERAL OF E. L. ANDELL HELD AT WINCHESTER

Remains of Late Resident Laid to Rest Tuesday Afternoon After Impressive Funeral Services; Other Winchester Notes.

WINCHESTER, Jan. 24.—The funeral of the late Edward L. Andell was held at 2 o'clock Tuesday afternoon at the Christian church.

The auditorium was filled with relatives and friends of the young man, who was widely known throughout the county. The services opened with a song by the church choir who sang "Going Down the Valley." After the reading of the scripture lesson by Rev. Mr. Elmore the choir sang "Jesus Savior Pilot Me," and the Rev. Mr. Elmore offered a prayer.

A solo, "Face to Face" was given by Mrs. Gertrude Demerath, with Miss Ethel McClure as accompanist. Following the obituary and sermon the choir sang, "Beautiful Isle of Somewhere" and the cortege moved to Winchester cemetery where the body was laid away. The bearers were Thurman Tankersley, Wesley Andell, Everett Gibbs, John Andell, William Andell and Floyd Markille.

The many beautiful flowers were in charge of Misses Grace Leach, Clema Keeney, Frances Leach and Hazel Andell.

Held Public Sale.

Mrs. William Campbell held a public sale at her home Tuesday, Lloyd Seely serving as auctioneer and Herbert Shibe as clerk. The offerings included horses, hogs, cattle and sheep, household goods, farm implements and a great many other articles and everything sold at satisfactory prices. One team of horses brought \$167.50. The cattle and hogs offered were all pure-bred stock. Markille & Woodall served the lunch.

Mrs. Campbell and her family expect to make their home with the former's parents, Mr. and Mrs. Wesley Hamilton.

News Notes.

Miss Dorothy Hainsfurther has returned home from a delightful visit in New Orleans at the home of her sister, Mrs. Ike Lowenberg and husband.

The services at the Methodist church Tuesday night were largely attended. Dr. Violette's subject was "What it is to be a Christian," and the sermon was a very forceful one. A special musical feature was a duet by Mr. and Mrs. S. G. Smith.

The American Legion members expect to attend in a body Thursday evening.

There is quite a good deal of interest in the prayer meetings being held in connection with the revival services, and the attendance is large at each of these gatherings.

BRADLEY CALLS ITS BASEBALL CANDIDATES

PEORIA, Ill.—First call for baseball candidates has just been issued at Bradley Polytechnic Institute. Indications are that Coach Robertson will have to build from the ground up, as the 1921 team which nosed out a win over the strong St. Viator nine is badly disrupted.

Candidates for the Tech battery are included in the summons as Coach Robertson is uncertain as to his pitching staff. With a heavy schedule before him, he is not satisfied with his hurlers. Tucker is the only dependable man left from last year. As Burden, last year's catcher, did not return to school, this job is also open.

NEW CORPORATIONS ARE LICENSED

Springfield, Ill.—By the A. P.—New corporations licensed by Secretary of State Emmerson include the following:

Centralia Wholesale Candy Company, \$20,000, Charles L. Kent, Melvin P. Hake, Albert E. Starman.

Taylorville—W. T. Safety Tool Company, C. R. Wood, M. T. Tipson and W. D. Williams.

Peoria Heights—The Richwoods Mothers Club, Mrs. S. J. Davidson, Mrs. Mac McGorey, Mrs. E. McClintock.

FIRE LOSSES IN ST. CLAIR COUNTY

Belleville, Ill.—Losses aggregating \$25,000 were suffered from lightning, fire and windstorms in St. Clair County during 1921, it was shown in the annual Farmers' Fire Insurance Company report of the St. Clair County report of the St. Clair County party.

CHICAGO, Jan. 24.—Oscar A. Knudson picked a passing motorist in distress near his home and hastened to help him in his efforts to repair an engine which had stalled. After conversing for a few minutes, a great light suddenly dawned on Knudson and a moment later when a policeman passed Knudson had the motorist arrested. Today the car the motorist was trying to fix was in Knudson's garage. It was his own car which had been stolen.

NEW YORK, Jan. 24.—The severe cold has caused a sharp advance in egg prices the New York department of farms and markets reported today. This, following the spectacular drop in prices of ten days ago has resulted in an increase in prices in a week of 13-14 cents per dozen.

Today state, nearby and Pacific Coast henry white eggs sold at 61-62 cents per dozen. Nearby henry browns brought 54-55 cents.

London, Jan. 24.—Confirmation has been received of the existence of foot and mouth disease among cattle in New Castle and also among cattle and pigs at Hessler, near Hull. The ministry of agriculture has been informed of the existence of the disease at Seauham Harbor, near Sunderland.

## SENATOR WHEELER AND THE SOLDIERS' HOSPITAL BUILDING

The following statement was made yesterday by Senator J. A. Wheeler with reference to the bill providing for the establishment of two buildings for the housing and care of ex-service men:

"Reference is made to the statement of Senator Mills in the State Journal relative to the appropriation of \$300,000 by the last General assembly to provide hospitals for the treatment of insane World War veterans, in which Senator Mills referred to an article recently appearing in the Journal with which my name was connected as having been instrumental in securing the passage of the law. The article referred to by Senator Mills did not state that I was the introducer of the bill; Senator Mills is entitled to that credit.

"The bill was prepared by the Department of Public Welfare and at the request of the Governor handed to Senator Mills with the request that he introduce it in the senate. He did so; but he neither prepared the bill nor had any knowledge of it until it was handed to him for the purpose of introducing it. The law is a creature of the administration and not of Senator Mills, who knew nothing of it until the bill was prepared. The record shows that he voted for it, as I and every other Senator did; therefore being no vote against it. When the bill was returned from the House with amendments, and it became necessary to have a roll call to concur in the House amendments, I found it necessary to solicit a number of senators to vote for the amendments in order to have enough votes to carry the amendments. A number of senators being absent at the time, and the bill was passed by a bare margin.

"I do not know what Senator Mills did at the time to help the bill along. I did all that could be done to secure the passage of the law, knowing it was desired and originated by the administration. The bill passed with the emergency clause and was signed by the Governor June 1, 1921, and became a law on that date. So far as I am aware, Senator Mills has taken no interest in the matter toward having the law materialized into an actual institution where the insane veterans of the World War might be cared for by the State. Believing that the matter should be expedited and the buildings constructed as soon as possible, I became actively interested in securing a location for one of the institutions still to be constructed, two having already been completed by the State.

"It was partially due to my efforts that a location was secured at Jacksonville for the remaining hospital yet to be built for the unfortunate veterans who are now waiting to be cared for by the State. The law was passed more than six months ago; whether Mr. Mills has taken any interest in aiding the State Department in giving the benefits of the law to the man for whom it is designed I do not know, but my interest has been to secure speedy results for the benefit of the men who need proper care and treatment.

"This is all that could be claimed by the article referred to by Mr. Mills."

WILL WED IN CONCORD.

The marriage of Herman Vette of Beardstown and Miss Alma Huppe of Concord will be solemnized at 5 o'clock tomorrow afternoon at the home of the bride's parents, Mr. and Mrs. Henry Huppe, in Concord. Rev. Mr. Tonn, pastor of the Arenzville Lutheran church will officiate.

The bride-to-be, as indicated, is a daughter of Mr. and Mrs. Henry Huppe, well known residents of Concord precinct. Mr. Vette is a son of Mr. and Mrs. Henry Vette, prominent residents of Cass county. Soon after the ceremony the bride and groom will leave for their future home on a farm near Moorehead, Minn. Their many friends unite in extending congratulations and good wishes.

SUNDAY SCHOOL TEACHERS WILL MEET TONIGHT.

The regular monthly teachers' meeting of the Woodson Presbyterian Sunday school will be held at the church at Woodson, on Wednesday evening, January 25.

## DIFFERENCES CROPPING OUT IN CONFERENCE

(Continued from Page One.)

bert Myrick of Springfield, Mass., editor of Farm and Home.

Another open session is to be held tomorrow morning. Some signs of differences in the conference appeared after the defeat today of a motion by J. S. Wannamaker of South Carolina, for appointment of a committee on resolutions, on the ground that the committee already appointed were expected to consider resolutions.

Mr. Wannamaker issued a formal statement later, attacking the conference and declaring "about all the farmers and farm leaders have to do in this conference is to shake hands with the present official dignitaries partake of a little ice cream and cake and then go home."

"Selection of committees has been made in such a manner," Mr. Wannamaker said, "as to suggest that those responsible for such service are either totally ignorant of the qualifications of the delegates or have lent themselves to a cut and dried and well baked scheme to prevent the forward looking farmer representatives from bringing any good whatever out of the conference."

Would Destroy Farm Bloc.

He was "confident," he continued, that it was the purpose of those responsible for the conference to destroy the farm bloc.

The president's address in opening the conference, he continued, indicated very clearly that such was the purpose.

The committees in organizing today provided in many cases for distributing the subjects before them to sub-committees.

Probably one question in which the delegates are as a whole interested is that of commodity financing. One member of the committee on agriculture credit and insurance which is considering this subject suggested that a plan probably could be worked out to provide for commodity loans running from six months to three years. His proposition would provide for the warehousing, grading and inspection of commodities, endorsement of commodities paper presented by farmers by their local banks and the handling of this paper thru the federal farm loan bank system which would either discount it thru the federal reserve system or issue debentures against the loans in the form of certificates of indebtedness to be sold on the open market.

The committee also has at its disposal the report of the joint congressional agricultural inquiry commission recommending an intermediate form of credits which would give the agricultural producers working capital.

Livestock producers under one

plan under consideration would have their paper discounted by the local banks and rediscounted by the far loan banks thru the federal reserve system. On other commodities one plan would have loans made direct to farmers thru cooperative loan associations, the commodities being covered by proper warehouse receipts.

WILL MEET TONIGHT.

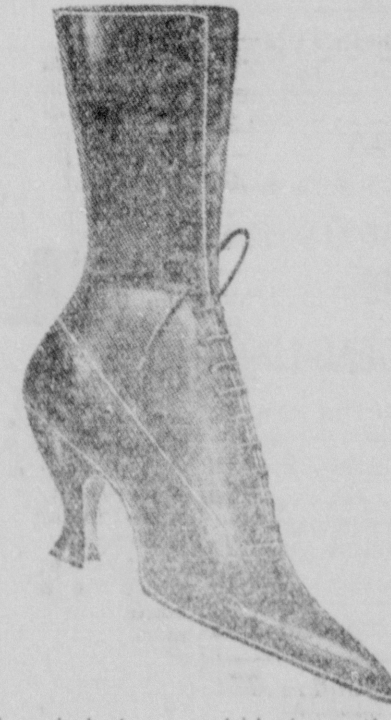

The initial meeting of the Evening Guild of Trinity church will meet this evening in the Guild hall.

## ARMS DELEGATES PRACTICALLY THRU WITH THEIR WORK

(Continued from Page One.)

ple in the naval treaty, relating to the fortifications status quo in the Pacific was swept away in informal consultations among the chief delegates.

Under the settlement the British play of defining a latitude and longitude boundary for the status quo zone is replaced by the Japanese suggestion that instead there be a list by name, of the islands which must not be further fortified. The Japanese agreement that the Japanese Bonin group should be included under the prohibition and a favorable reply is expected in a few days.

Redefinition of the geographical scope of the four power Pacific Treaty already signed, took the form of a series of notes which have been completed and mutually approved by the four powers and will be formally exchanged for the record before the Washington conference ends. They reverse the previous informal agreement of the delegates and disclaimed territorial designs in Russia but set forth the reasons that compel her to keep troops in Eastern Siberia and the reply of the United States reiterated the desire that there would result no permanent infringement upon Russian integrity.

Except for the French who expressed confidence in the Japanese pledge to withdraw from Siberia as soon as stable conditions will permit, no other delegation joined in the discussions.

Secretary Hughes proposed the readily-accepted resolution by which the item was wiped off the conference program, to appear no more until the pronouncements of the two governments are formally entered in the minutes of the next plenary session.

**Settle Naval Treaty.**

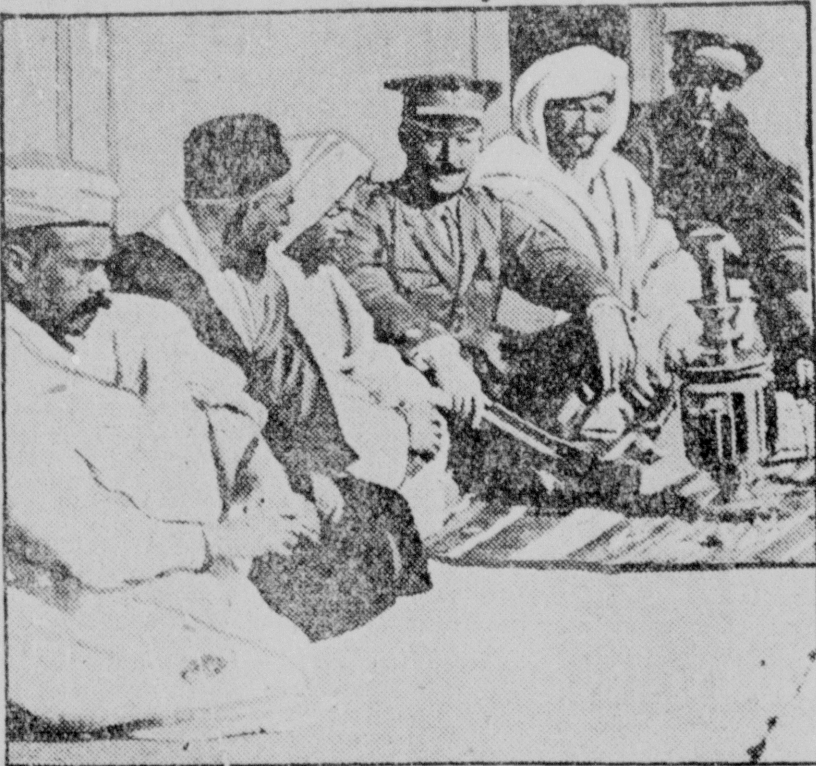

The last difference over principle that the major Japanese islands including the Bonin group shall not be classed among the insular possessions and dominions to which the instrument applies.

In the Siantung negotiations between the Japanese and Chinese outside pressure for a settlement increased as the two groups met to clear away minor details of the points on which they already have agreed. The question of the Tientsin-Tsinfu railroad now virtually the only undetermined issue was not touched upon at the meeting, but was under consideration in American and British quarters because of the exercise of good offices by Secretary Hughes and Arthur J. Balfour.

Conference officials in close touch with the progress of the American-British compromise effort said tonight that a statement was "virtually near."

Both the Japanese and Chinese appeared willing to resume the railroad discussions directly as a result of the developments of the last few days.

## The Moors Grouchy Submission

They don't look any too pleasant about it, but the Moors of the Kabila of Farjana are shown at the formal surrender to Col. Riquelme, of Spain, the event being celebrated by a tea party the colonel gives in the fortress.

## TREASURY IS STILL OPPOSED TO BONUS BILL

If It Comes Must be Provided for by Taxation

(By The Associated Press)

WASHINGTON, Jan. 24.—Treasury opposition to a soldier bonus remains unchanged, but if there is to be a bonus it must be provided thru taxation in addition to taxes imposed by existing law. Secretary Mellon declared tonight. Any attempt to provide for the bonus thru the use of principal and interest of the foreign debt to this country, he continued, "would be futile, as well as unwise."

Mr. Mellon declared no allowance has been made for any extraordinary expenditures for a soldier bonus which would cost on the most conservative estimates, he said, probably not less than \$850,000,000 in the first two years.

No indirect means of financing the bonus would make it any less an expense to be borne in the long run by the taxpayer Mr. Mellon declared taking up the proposal to use the foreign debt as a basis for bonus payments.

It would accomplish nothing, he argued, to set aside the foreign debt for the payment of the bonus even if enough could be realized in time.

Interest collected, he declared, should go to provide interest on liberty bonds so that if the proceeds of the foreign debt were applied to the bonus the government would to that extent have to provide for the principal and interest on liberty bonds from other sources. This means, he asserted taxes otherwise unnecessary.

Mr. Mellon presented detailed figures covering budget estimates which he said indicated a deficit of over \$24,000,000 for 1922 and a deficit of over \$187,000,000 for 1923, not allowing for \$50,000,000 requested by the shipping board for the payment of claims, \$7,000,000 to be spent for Russian relief by the United States grain corporation and \$3,000,000 to be paid as the 1923 instalments under the treaty with Colombia, a total of \$112,000,000.

To overcome this deficit he explained expenditures must be reduced \$300,000,000 in the next two years while at the same time the government faces a heavy shrinkage of receipts.

## PRINCES ON GERMAN SIDE ARE BARRED FROM THE THRONE

Action is Taken by the Netherlands Parliament

(By The Associated Press)

THE HAGUE.—(By the A. P.)—All princes of the German side of the royal family of Netherlands are barred from right of succession to the Holland throne by an amendment to the Dutch constitution which has been agreed upon in parliament. Hitherto all members of the House of Orange having as their ancestor William the Silent possessed the right to succession. The bill, however, has not yet been adopted although its form has generally been agreed upon after a long debate.

The measure stipulates that only the progeny of the present Queen Wilhelmina shall ascend the throne.

There has been much argument over the question of what should be done to provide for the possibility that the young Princess Julian, now 12 years old, may not provide a male heir to the throne. Some months ago a bill was prepared by the commission of inquiry which provided, in that event, that referendum should be held to determine whether Holland should retain its monarchical form of government or become a republic.

A bill now under discussion in parliament, however, makes no mention of a referendum and mentions only a referendum for the election of a new monarch.

Another point on which agreement has been reached in parliament is that neither King nor Queen of Holland shall any longer have the right to declare war except with the approval of the States General.

Queen Wilhelmina's civil list has been increased from 600,000 florins to 1,200,000 (about \$480,000). The allowance of Queen Louise, Queen's mother, has also been doubled, and it is now fixed at 200,000 florins (\$120,000). Princess Julian is to receive 200,000 florins (\$80,000) a year when she reaches the age of 13, which will be on April 3 next. This amount is also double that allowed by the original constitution.

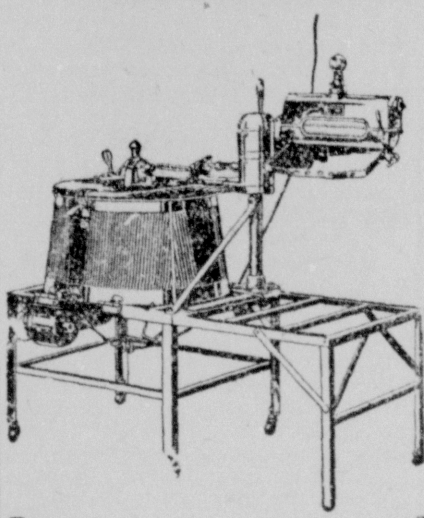

The Queen's request for the doubling of her allowance aroused considerable criticism, especially as it followed her speech at the she advocated the greatest public opening of parliament in which economy.

## FORMER PEORIA SCHOOL HEAD IS DEAD

(By The Associated Press)

GREELEY, Colo., Jan. 24.—Newton C. Dougherty, president of the Colorado Farmers Congress who fought his way back to a position of esteem after having served five years in an Illinois prison after his conviction of misusing funds while superintendent of schools at Peoria, Ill., died here today. He was 78 years old.

He formerly was president of the National Education Association. After being pardoned by Governor Dunne of Illinois, Dougherty came to Greeley to the ranch of his son. Since then he has been engaged in farming and has taken an active interest in affairs in his community. Last December he was re-elected president of the Colorado Farmers Congress.

## IN ONE MONTH IT MADE LIFE WORTH LIVING

Chicago Man Had to Eat  
With the Greatest Caution  
and Even Then He Suffered  
Terribly From Indigestion.

After Taking Tanlac It  
Takes Three Rousing  
Meals a Day to Satisfy His  
Appetite—Never Felt  
Better In Life.

"Just give me Tanlac," said Clemens Lesnar, of 1502 Wolfram St., Chicago, Ill., "and you may have all the other medicine, for it certainly has made life worth living for me. It has not only knocked out my indigestion and other troubles, but has put me in shape to where I have actually gained twelve pounds in weight."

"Why, before I got Tanlac my appetite seemed as dead as a doornail, but now it takes three rousing meals a day of good old fashioned grub, like ham and eggs, steak and potatoes, or a boiled dinner to satisfy me. I used to have to eat with the greatest caution and even then suffered terribly from indigestion but since taking Tanlac everything agrees with me."

"Well, sir, a month ago I was in pretty bad shape, and I must say I was happier than a kid with a new Christmas toy when I got Tanlac and found it went right to the spot. It soon had me feeling fresh and energetic again and four bottles have put me in the pink of condition. I never have an ache or a pain and never felt better in my life. After getting such splendid results myself I could not do otherwise than recommend Tanlac to others."

NOTE—Tanic Vegetable Pills are an essential and vitally important part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Tanic is sold in Jacksonville by Coover Drug Co., and Shreve Drug Co., and by leading drug stores everywhere. (adv.)

## AMERICAN LEGION NEWS NOTES

Jim ("Sailor") White, the strong man of the Navy, is in the habit of pulling loaded freight railroad spikes between his thumb and forefinger. When he entered state headquarters of the American Legion, he offered to lift desks and things with one hand, and wanted to tear up radiators by their roots, he wanted to bash in the front of iron safes.

He was out of a job, and his energy, with no outlet, was becoming terrific. The Legion succeeded in placing him opening and closing doors in a club.

A national archives building in which would be assembled all the records of the World War is the aim of the American Legion committee on memorials. A bronze tablet erected to a comrade who gives his life "in line of duty," upholding law and order, is a future recommendation of the committee.

Government nurses will not rank with "scrub maids" if a protest to the senate made by John Thomas Taylor, of the legislative committee of the American Legion, bears fruit. Taylor objects strenuously to the section of the pending reclassification bill which he says "will tend to lower the nursing profession in the eyes of the public."

Loans without security and at a low rate of interest, will be provided for sick and wounded ex-service men by a big rotating fund, plans for which are being worked out at national headquarters of the American Legion. Ex-soldiers who do not need the ready cash from government compensation would contribute their bonus to the fund.

English and civics will be taught at American Legion posts in Greater New York, at the request of the Board of Education. This furthers the Americanization campaign already under way.

All that the Veterans' Bureau has accomplished in hospitalization and rehabilitation of ex-soldiers will be wrecked if medical reserve officers are placed on a civilian status, according to John Thomas Taylor, vice-chairman of the American Legion's legislative committee, who is protesting the recommendation of the Bur-

eau of Efficiency. "Behind the recommendation in an attempt to make the treatment of the disabled man a football of politics," Taylor declares.

The sunny south appeals to jobless ex-service men, according to statistics of the American Legion employment bureau at Birmingham, Ala., which recently registered 145 men from all parts of the country and only 105 residents of Birmingham.

A thousand dollars, farm experience, and an agreeable wife are the requisites of an applicant for a tract on the state soldier land settlement project. The applicant's wife must signify her willingness to take up rustic pursuits, according to an announcement from American Legion headquarters. This is designed to preclude unsuccessful experiments.

"Army discipline" is not imposed upon sick and wounded ex-soldiers under Government treatment, C. R. Forbes, director of the Veterans' Bureau, has informed the American Legion. A disabled soldier is not a W. O. L. merely because he leaves a government hospital without consent of physicians. His only penalty is that he must foot his own transportation bill if he wishes to return.

All states are planning exhibits in connection with the conference of American Legion officials to be held at national headquarters January 19 and 20. The conference will be attended by General Pershing, Secretary Denby and a representative of President Harding.

To aid in combating the "dope" evil which has invaded a number of ex-service hospitals in California, the American Legion is working with the Narcotic Control Association. James A. Johnston, warden of the California state prison, is president of the organization.

Rah-rahs have supplanted the doughboy battle cries with 100 former soldiers who have enrolled as students in colleges and universities of Wisconsin. The service men are going to school again under the provisions of a state bonus which allows them \$30 a month for four years along with their education.

President Harding has received the first consignment of cherries from the Argentine to arrive in the United States. They were brought from Rio de Janeiro by the steamship American Legion, which broke all records between that port and New York by a 10 day run.

The famous surgeons, Drs. William and Charles Mayo, will treat former soldiers of the World War in a \$200,000 hospital which the American Legion posts of Minnesota will erect. Patients will be charged according to their ability to pay as determined by Legion officials.

## BRING IT ON HERE AT ONCE

(By The Associated Press)  
WASHINGTON, Jan. 24.—The super-phone an apparently simple attachment for telephones which is said to assure absolute secrecy of communication and security from interruptions and make possible multiplex telephones was demonstrated today in the office of the chief signal officer of the army. It was shown that one telephone line to which super-phones were attached could be used for a number of conversations simultaneously and that no pair of speakers could hear or interrupt another pair.

The super-phone it was explained has been developed under the direction of R. D. Duncan, Jr., Chief Engineer of the signal corps research laboratory of the bureau of standards, assisted by S. Isler, assistant radio engineer. It is based on wired wireless or "line radio" invented about ten years ago by Major General George O. Squire, chief officer of the army, and consists of a small portable set of instruments which may be installed in any office or residence in a few minutes and connected directly with existing telephone lines.

The principles involved in the invention are the same as in "wired wireless" it was explained high frequency alternating currents being employed.

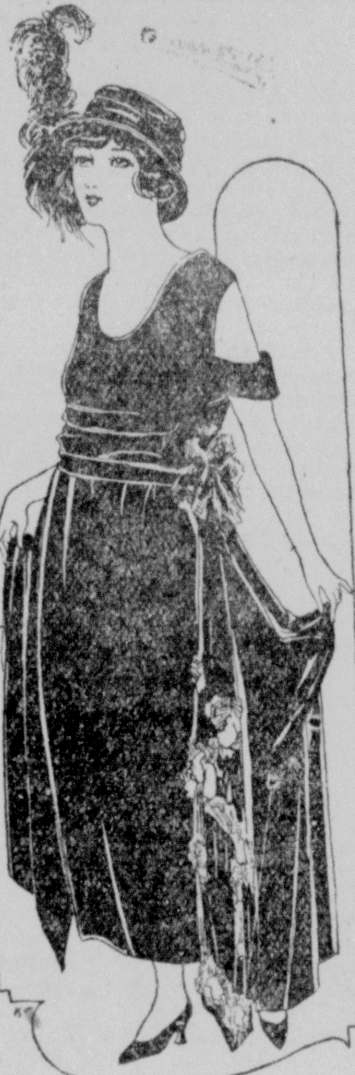

Mrs. Henry Zahn was a Jacksonville shopper Saturday and spent the day with her daughter and family, Mrs. J. H. Berger.

## Black Velvet

With all of its loveliness there's something tremendously practical about the black velvet evening gown which is not too extreme in cut. This Poiret gown is of softest velvet, hung in a gracefully full skirt, irregular as to hem line and ornamented at the side with ermine tails.

## INCOMPETENCE IS CAUSE OF ESCAPE

(By The Associated Press)

CHICAGO, Jan. 24.—The escape of "Lucky Tommy" O'Connor from the Cook county jail on Dec. 11, four days before he was to have been hanged for murder, was due to "incompetence, lax management, and complete breaking down of jail discipline for which the sheriff in the last analysis is responsible," said a report of a committee of the Chicago crime commission tonight.

Asserting that O'Connor was known to be one of the most desperate of prisoners, the report continued: "Yet there is evidence to show that he was able to obtain a pistol, rope with which to bind several guards, that he was able to take three fellow prisoners with him, that he could have taken more had he so desired and that there is a difference of statement regarding the speed with which alarm was given and the assistance of the police sought."

Sheriff Charles Peters was not escape by the committee which said that it was inevitable as the result of the system of jail management which has grown up over a period of years.

## GOLFER GIVES LIFE TO SAVE CADDIE

(By The Associated Press)

CHICAGO, Jan. 24.—The heroism of A. G. Block, a golfer, was today made known when it was learned that he died of pneumonia contracted from his plunge into the icy waters of a lagoon in Forest Park here, January 8, and rescued Donald Mana, aged 9, a caddy, who ventured onto the thin ice to retrieve golf balls. Block was buried today in Chicago.

Block died last Saturday. Friends here today made his identity known as at the time of rescue Block left his automobile, dragged the boy from the lagoon and then departed without being recognized. Three other golfers cared for the boy who suffered but a temporary cold. Block was 31 years old and the manager of a fruit brokerage concern here.

## CIRCUIT COURT CASE.

In the office of Circuit Clerk Wanamaker distress for rent proceedings have been brought by T. H. Henderson against Robert Loving. The amount for which claim is made is \$250. The complainant is represented by W. N. Hargrove.

A suit in trespass has been filed by Gus N. Seymour against Gustie Corey, alleging indebtedness of \$800. W. W. Wright is the complainant's attorney.

A bill to enforce mechanic's lien has been brought by the Jacksonville Plumbing Co. against Mr. and Mrs. Charles Thompson. A disagreement over the balance alleged to be due on a contract formed the basis for this action.

Two appeal cases of Powers, Begg & Co. against the C. B. & Q. railroad were also placed on file Tuesday.

MUCH INFLUENZA IN NEW YORK CITY  
NEW YORK, Jan. 24.—The number of influenza cases in New York today continued to increase. The health department announced that 123 had been reported with 102 pneumonia cases. The total number of "flu" cases reported Sunday and Monday were 64.

Health Commissioner Copeland said the city appeared to be having more cases than usual at this season. He held recent warm weather responsible.

J. A. Wee was a business caller at Literberry recently.

## KANSAS MAN OVER HUNDRED YEARS OLD

Still Active Physically and Mentally  
Never Used Tobacco or Liquor.

EUREKA, Kansas, Jan. 21.—(By The Associated Press.)—One year past the century mark and still physically and mentally alert and taking great interest in politics and current events is George A. Gordon of this town.

His extreme age has brought Mr. Gordon a number of distinctions. Members of his family claim that he is the only grandfather of a Civil War veteran now living, that he is the last surviving member of the Indiana State Constitutional convention of 1850 and he is one of few, if not the only man living today who heard Revolutionary War stories from his grandfather who took part in it. January 22 is Mr. Gordon's 101st birthday.

"My grandfather, George Gordon of Cumberland, Pa., was a soldier in the American Revolution," related Mr. Gordon recently. "It was my great uncle, William Armstrong, who captured the six Hessians and took them into Washington's camp, and said in reply to the general's question as to how he captured them: 'Pa'ny, I surrounded them.' I recall hearing my grandfather tell of this and other incidents of the Revolutionary war."

The attainment of an extreme old age is a matter of much satisfaction to this "centenarian," because earlier in life—76 years to be exact—Mr. Gordon was in ill health. He was compelled to give up the practice of law on which he was just embarking, at Newton, Ill. An overland trip to Texas—during which he had typical experiences of the "Wild West" such as getting caught in a buffalo stampede and being chased by Indians—improved his health so much that he decided to take up farming.

"I attribute my longevity largely to my temperate habits and an active outdoor life," said Mr. Gordon. "Also to the fact that I always made it a point to keep out of debt and avoid worrying."

No Tobacco or Liquor.  
Mr. Gordon has never used tobacco or intoxicating liquors. He always has been a great reader and has taken an active part in political campaigns though never has been a candidate for public office. As a rule he looks upon the progress of the age with approval.

"But there are some present day systems of which I do not approve," he asserted emphatically. "I refer to style of women's dress—short skirts, low necked dresses; also this bobbed hair. Perhaps more than anything else I deplore the growing lack of observation of the Sabbath day. That grieves me."

Mr. Gordon united with the church in 1841. He is a Mason. He was born in Warren, county, O., near Springboro, January 22, 1821. He moved to Sullivan county in 1836 and received his education at Miami University and Washburn college, but left school before graduating. He was married to Sarah Ellinore Dunn of Crawfordsville, Ind., Sept. 22, 1832. To his union nine children were born. He lost two sons in the Civil War members of the 4th and 23d Iowa infantry. His living children are Mrs. Daniel S. Weideman, El Dorado, Kansas; Miss Laura M. Gordon, Mrs. Emma E. Badger, Mrs. Alice Kalb, all of Eureka, Kansas; Mrs. Hyattia B. Hart, Seattle, Wash.; and Mrs. Lizzie F. Johnson, Denver, Colo. He has nine living grandchildren, twenty great-grandchildren and four great-grand-grandchildren. State Senator Gordon A. Badger of Eureka is a great-grandson.

School teaching was Mr. Gordon's first occupation—at Monmouth, Ill. He studied law and in 1844 was admitted to the bar.

When elected to represent Howard and Cass counties, Indiana, in the constitutional convention of 1850, he was a resident of Kokomo. In 1853 he moved overland to a farm near Oak, Ia. He was elected to the Iowa legislature in 1862. After the close of the Civil War he moved to near Pleasant Hill. Two years later, he moved to Kansas.

Mr. Gordon has lived in the lifetime of every president except Washington and has voted at every presidential election in eighty years, except one. Mr. Gordon still has most of his natural teeth and has put on glasses only a few years ago.

Miss Alma Minstrant of near Monroe, was a shopper in town Thursday.

## Queen Incubators Built to Hatch Without Trouble

QUEEN Incubators are famous for their large hatches of strong, healthy chicks that grow.

The Queen is accurately controlled, taking care of a temperature variation of 70 degrees without danger. It is built of genuine Redwood—very scarce in these days of imitation and substitution. Redwood does not absorb the odor from hatching eggs. Cheaper woods and paste-board lining in iron and tin machines retain the odors to weaken the hatching chicks.

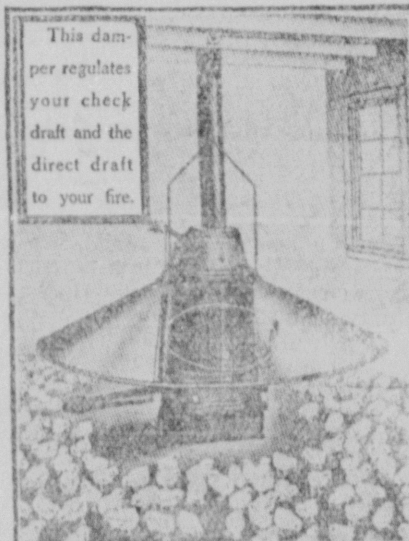

The Queen has double walls of California Redwood, with insulation between. The Queen hot water system prevents the eggs from drying out and provides ample moisture for the hatching chick. The Queen will come nearer to running itself without any more than ordinary attention than any other incubator made. (1)

## Queen Brooders

The Queen Colony Brooder is a new and improved design of brooder stove.

As will be seen from the illustration, the check and draft lids are cast together and operated together. Thus, when the fire is too hot, the water expands and closes the draft and opens the check, both at the same time. When it is too cool, the water contracts and closes the check and opens the draft. This keeps an even heat all the time, night and day, in cold weather or warm, and does it automatically. You don't have to pay any attention to it whatsoever. Just set the regulator for the proper temperature at the start of the season—it will do the rest.

The Queen stove burns any kind of fuel with equally satisfactory results.

URANIA LODGE TO HAVE MEETING

Odd Fellows Issue Invitations for Booster Gathering—Will be Held Thursday Evening.

Urania Lodge Number 213, I. O. O. F., has a big booster meeting scheduled for Thursday evening, at 7:30 o'clock. A special program of music, speeches and recitations has been arranged for, and will be followed by a banquet. One hundred and fifty invitations have been sent out to prospective members to attend this big booster meeting, and it is the hope of the lodge that a large percentage of these will join.

Dr. S. J. Carter, Charles Williamson and Charles Goodey, the committee in charge of the arrangements, have been working hard to make this one of the big-

CARE FOR THE HORSE IN COLD WEATHER

Few people realize the suffering they can cause a horse these cold mornings by a little carelessness, namely, in putting the bit in a horse's mouth. Unless the bit is put in water first or blown upon, it will freeze to the horse's tongue. If anybody thinks that this is not painful, let him try it on the tip of his own tongue.

A horse may be made much more comfortable when tied for several hours if he is blanketed and turned so that his head is away from the wind. A precaution of this kind may also keep the animal from contracting pneumonia.

Walter Fearneyhough was a Lynnville visitor to the city yesterday.

REV. W. E. SPOONTS TALKED TO PUPILS

Subject Was Great Faith—New Rule for Tardiness—Miss Rosier Seriously Ill

Rev. Walter E. Spoonst addressed the high school assembly yesterday morning, as a representative of the Ministerial Association, taking for his subject "Great Faith." Rev. Spoonst gave the students five notices, which contain the gist of his talk.

Great faith leads to great undertakings.

Great faith awakens great earnestness.

Great faith begets great expectations.

Great faith overcomes difficulties.

Great faith achieves great victories.

Following Rev. Spoonst's talk Principal Shafer made some announcements regarding tardiness. More stringent measures are to be used to cut down the tardiness at the high school. Formerly the penalty for being tardy was supervised study for one period after school, this period being known as the eighth period. The penalty has been increased to three eighth periods in succession for one tardiness. Principal Shafer is determined to cut down the number of tardy cases at the school.

Miss Eva Rosier, mathematics instructor at the high school is seriously ill at Passavant hospital. It is feared that she is developing pneumonia.

GREENE COUNTY FARM BUREAU HAD MEETING

Annual Meeting Held Saturday at Princess Theatre—Important Matters Given Attention at Sessions.

WHITE HALL, Jan. 23.—The largest gathering in the history of the Greene County Farm Bureau attended the fourth annual meeting Saturday. Morning and afternoon sessions were held in the Princess Theatre, and the members were served dinner free in the Methodist church.

The morning session began at 10:45 with a reel of comic pictures, provided by the theatre management, and was called to order by President J. G. Burns of Greenfield. The reports of E. C. Secor, secretary-treasurer, and E. M. Phillips, county advisor, showed a most healthy condition of affairs, affording still greater hope for the future growth and accomplishments of the organized agricultural class.

At the afternoon session there were addresses by A. C. Everingham, of Crawford county, and Hon. H. T. Rainey of Carrollton. The latter laid before the body the situation with reference to the telephone service. He stated that an increase in rates had been granted, but that the matter of free county service had not been decided. Two reels of pictures, entitled "The Homestead," were presented, and the report of the resolution committee and election of officers concluded the business. The new officers are: President, W. S. Cora; vice-president, J. G. Burns; secretary-treasurer, E. C. Secor.

The committee on resolutions consisted of C. B. Roodhouse, Roe Lee, E. S. Ford, G. W. Gilmore, Norville Hicks and W. S. Cora, and they presented three sets of resolutions that were adopted as follows:

SUPPER AND BAZAR AT BLUFFS A SUCCESS

M. E. Church Realizes Tidy Sum From Their Recent Supper and Bazaar—Other Bluffs News of Interest.

BLUFFS, Jan. 23.—The men's supper and ladies' bazaar given under the auspices of the M. E. church Saturday evening was well patronized, the receipts being \$97. The gentlemen of the church demonstrated to the public that they were proficient cooks and they certainly deserve credit for this palatable supper cooked and served by them.

Miss Helen Rockwood came down from Springfield, Saturday, evening to attend the M. E. supper and to visit her parents, returning Monday morning.

Born, to Mr. and Mrs. Floyd Hiernan Saturday, a son, fourth child.

C. A. Phillips was a week-end visitor from St. Louis, Mo., where he called there on business.

Rev. Elvin T. Palmer is conducting a series of revival meetings at the M. E. church.

Mrs. Charles Bonnett and daughter Greta Kisterson who were injured in an automobile accident near Mercedia Sunday of last week were brought home the latter part of the week and are getting along nicely considering the serious nature of their injuries.

Mrs. August Frohwitter has returned from St. Louis, Mo., where she visited her little granddaughter who is taking treatment at a hospital in St. Louis.

Harry Pyle of Clayton who has been visiting his brother Arthur Pyle has returned to his home.

The Y. L. A. of the M. P. church will give a theater party Tuesday evening in honor of Mrs. H. Corlidge. After the party the guests will go to the home of Mrs. E. L. Kendall where a social hour will be passed.

WILL MEET FOR DEBATE

The Alpha Beta Theta debating society of the high school will meet tomorrow to debate upon a question of much importance to high school students. The question is, Resolved, That all students with a standing average of 85 or over, be exempt from taking final examinations in high school. The affirmative will be upheld by Robert Bentley and Dorothy Ogilvie and the negative by Theodore Westzel and Ruth Fuller.

DEMONSTRATES AT THE HIGH SCHOOL

Miss Elsie Kinkley, the lecturer in charge of the cooking school being conducted this week, will give two demonstrations at the high school this morning. She will instruct two classes in the art of deep fat frying, making doughnuts, potato puffs and corn fritters. It was found impossible to arrange for the classes to attend any sessions of the cooking school so at the request of the teachers in the domestic science department of the high school, Miss Kinkley will demonstrate there today.

PHYSICIANS ORGANIZE MEDICAL STUDY CLUB

Quincy. Quincy physicians have organized a Medical Study club for the purpose of keeping in touch with every advanced topic in medicine and surgery.

RADIO CLUB AT QUINCY

Quincy. Plans have been formulated for the organization of a City Radio Club in Quincy.

ELM GROVE

Mr. and Mrs. C. E. Hemel and family, Mr. and Mrs. F. W. Ranson spent Sunday afternoon at the home of George Fligg.

Mr. and Mrs. Hugh Hagan visited with Mr. and Mrs. Tim Flynn and family on Sunday.

Jacksonville visitors from the Grove Saturday were: Mr. and Mrs. Frank Ranson, Miss Fannie Masters, C. E. Hemel, Walter Fearneyhough and family, John Welsh, Mr. and Mrs. Ross Stainforth and sons, Theodore and Angelo, Misses Ruth Hamel and Bertha Welsh.

C. E. Hamel delivered a car load of fine fat hogs to Jacksonville on Monday.

Mr. and Mrs. Mike Welsh and family spent Sunday with Mr. and Mrs. John Welsh and family.

Mrs. E. L. Hamel and son Billie and Mrs. Walter Lewis were in Jacksonville Friday.

ASBURY

Dean Hembrough of Arnold spent Wednesday with his folks, T. S. Hembrough.

Mrs. Frank Hembrough was a Tuesday guest at the home of her son George Hembrough and family.

Mr. and Mrs. Joseph Megginson and children, Howard and Rowena and Mr. and Mrs. Carl Hembrough were Sunday guests of Mr. and Mrs. Charles Bealmear near Sinclair.

Carl L. Hembrough attended the annual Morgan County Sunday School Conference in Jacksonville last Friday.

Miss Hazel Becker a senior in the Jacksonville High school spent the week end with her parents, Mr. and Mrs. J. C. Becker.

Miss Grace Hembrough and Mrs. G. W. Hembrough were Friday guests of Mrs. John Cully.

Mrs. E. N. Craig and Mrs. Earl Hembrough attended the meeting of the Woodson Woman's Club last Wednesday.

Mrs. Ethel Nunes of the north part of the county has been visiting with her daughter, Mrs. Charles Williams on South Main street for several days.

FINE SERVICES AT LITERBERRY CHURCH

Rev. Ben Johnson Delivers Fine Sermons at Baptist Church on Sunday — Other Literberry News.

LITERBERRY, Jan. 23.—Monday morning was the coldest of the new year at Literberry.

There was a good Sunday school attendance and good interest at the Baptist church on Sunday morning. The superintendent reviewed the lessons from the reign of Solomon to the final disappearance or scattering of the ten tribes. Mr. Underbrink told the school why there was a division, the number and character of the kings of both kingdoms Israel and Judah; showing the sin of the wicked kings and the building up of God's work by the righteous kings.

Rev. Ben Johnson filled his regular appointment both morning and evening. The morning reading was the first chapter of James. The text was Psalm 126:6. The sermon was an appeal to the church to go forth with earnest hearts bearing precious seed and God will give the victory.

The evening sermon was from John 7-17.

The Literberry Mission Circle will meet on Friday afternoon at Breezy Point the home of Mr. and Mrs. Edgar Gotschall, Mrs. Gotschall hostess.

Harry Barber of Grace chapel was calling on old friends here last Tuesday.

Saturday morning Harold Lee Daniels a 7 year old man, came to Sunshine Cottage with shovel and broom and proceeded to clear the cement walks, the porches and door steps of snow doing his work quickly and cheerfully. When we wanted to pay him for his neat job, he said, "No, Sir; I don't want any money; I'm doing this because Mr. McCarty is sick." Can any other boy beat this.

SINCLAIR

Mrs. Robert Hunter, who died at her home in Jacksonville recently, was well known in this community as she lived most of her life here. She had many friends in this neighborhood, all of whom regretted to learn of her death.

The friends of Frank Hymes of Markham, formerly of this vicinity, will regret to hear of an accident which befell him recently, resulting in a broken leg. A daughter of Mr. Hymes was recently operated on for appendicitis and has just returned to her home.

Mrs. F. C. Trotter has been confined to her bed by illness for several days, but is now somewhat improved.

Mrs. Dean of Manchester was a guest Sunday of her daughter, Miss Ruby, who is teaching school at Hazel Dell this winter.

Mrs. Hassel Hopper, who has many friends and relatives here, is still very ill at her home in Jacksonville.

Mrs. Lena (Stockton) Ausmus, who was recently operated on for appendicitis, is getting along satisfactorily.

R. W. Emerson has returned from a recent trip to Iowa.

George L. Stice and wife were visiting friends in Waverly the past week.

Mr. and Mrs. R. L. Stewart entertained a number of friends Friday night at a dancing party. It was a very pleasant occasion for all present.

Miller Keplinger of Springfield was a visitor in Jacksonville on Tuesday.

Is That Cold and Cough Hanging On?

Quick Delivery from St. Louis of 1922 Spring Stocks

MERCHANTS throughout the Middle West have the advantage of a complete package car system from St. Louis which assures quick delivery without extra expense. This fast freight service for less-than-carload lots was originated by the St. Louis Chamber of Commerce for your benefit, and has been developed into the best delivery system radiating from any city in the country.

This service is particularly valuable to you this Spring. It places merchandise quickly on your counters as a salable asset. It furnishes you an emergency method for replenishing your stock to meet changing conditions. You can buy close to the known needs of your locality, and can be certain of quick delivery.

Merchandise in stock in advance of your Spring announcements is worth more to you than goods in transit and an uncertainty about delivery. Prompt delivery gives you an opportunity for quick turnover, which is important in figuring profits and offering fair-priced goods to your customers.

It is money in your pocket to buy in St. Louis this Spring. St. Louis is your nearest big market. The completeness of its stocks gives you the widest range of new styles and makes selection easy. The compactness of its wholesale market saves time and hotel bills for you. Its nearness to you saves railroad fare on your marketing trip.

Come to market early. Come to St. Louis—The Solid City of the Central West

ST. LOUIS CHAMBER OF COMMERCE St. Louis, U.S.A.

Milo Pierson of Nebo, Illinois, had business calling him to Jacksonville yesterday.

## OPTIMISM RULES ILLINOIS BANKERS

Various Groups of Association Believe There Will be Better Conditions Prevailing This Year.

CHICAGO.—(By the A. P.)—Without any display of enthusiasm some Illinois bankers over the state are inclined to optimism over prospects of better conditions in 1922 and others see no prospect of change, according to reports received by the Illinois Bankers' association from the chairmen of several Illinois banking groups.

Some of the reports in part follow:

Group one, comprising Bureau, Henderson, Henry, Mercer, Rock Island, Warren and Whiteside counties, J. H. White, Geneseo, chairman.

"There has been no noticeable change since early spring. Farmers are still renewing their notes and money is very close. Many banks in this group are taking advantage of the War Finance Corporation offer and this will help greatly. Prospects for any

material change previous to another crop are not bright."

Group two, comprising Fulton, Knox, Logan, Marshall, Mason, McDonough, Peoria Stark, Casswell and Woodford counties, W. E. Ainsworth, Mason City, chairman.

"There has been no marked degree of improvement in the agricultural districts, owing to the continued low price of farm products. The movement of grain has been almost negligible and naturally that means renewal of present obligations, slow collections and a decrease in deposits and reserve. Reports from live stock feeders are more favorable and indicate better prospects for 1922. The banks are making every effort to meet the needs of the farmers. With the March first settlement and tax paying period before us, we cannot expect much improvement in banking conditions before the harvest of 1922."

Group Three comprising Boone, Carroll, De Kalb, Jo Daviess, Lee, Ogle, Stevenson and Winnebago counties, D. F. Graham, chairman.

"Deposits have held up better than we had hoped for. Demand for money is strong. Industries are running light. Merchants report a good volume of business in articles sold but in volume of dollars not so large by considerable as the past two years. Farmers are asking for renewals of their notes but seemingly in much better spirits than last winter. A good crop with a reasonable increase of prices for farm products in 1922 will set us going again pretty good. We are optimistic for the future along business lines."

Group Four, comprising DePage, Kendall, Lake, McHenry, Will and Cook counties, C. C. Wolaver, Dundee, chairman.

"There does not seem to be any possibility of much of any relief until we can harvest another crop. There is a very small tendency towards improvement and I believe it is fair to state that after we have harvested another crop, the farmer will begin to feel a little easier, so that he may meet his obligations."

"The fact still remains that the prosperity of the last four or five years has gotten the people into the habit of living far better than they have ever lived before, and they will have to get back to living on the same basis that they did before the war before there will be very much improvement."

Group Seven, comprising Christian, Macon, Macoupin, Montgomery, Moultrie, Sangamon and Shelby counties, L. G. Hostetler, Rock Island, chairman.

"The country bankers throughout the grain marketing section are compelled to sit tight on the lid and wait developments. At the present price of farm products, the farmer is marketing only enough to meet his immediate needs, where he is unable to borrow. If the price of farm products substantially advances, the banks in the rural districts are going to be relieved, but if the price does not move up, the situation is going to be considerably worse in 1922."

Group Eight, comprising Adams, Brown, Calhoun, Cass, Green, Hancock, Jersey, Menard, Morgan Pike, Schuyler and Scott, Fred Salm, Jr., Nauvoo, chairman.

"To say conditions are abnormal is to say the least. It is financial murder of the first degree. Because of the shrinkage of values of farm products, country bank deposits have decreased between 20 and 30 percent, whereas their loans have decreased less than 10 percent. The consequence is that the country bank is caught between the two ends and crucified. The common term applied by those who are in a position to criticize is 'over-loaned.' On the other hand there are a number of reasons for a better outlook for 1922. 'The worst is over.' Now that we know that is the truth, it helps to build up courage and stimulate enthusiasm."

"The movement of hay to markets has been very light. Young clover has gone into the winter with an excellent start. Pastures have continued to furnish some feed in spots."

"The supply of farm labor is more than ample."

"Roads have been generally in poor condition, muddy for a time and frozen and rough."

VETOED RURAL MAIL CARRIERS AUTO BILL.

SPRINGFIELD, Ill.—(By the A. P.)—Mail carriers in Illinois remember that the 52nd general assembly passed a bill establishing a \$2 automobile fee for rural carriers but have forgot that Gov. ernor Small vetoed the bill, according to Secretary of State Emerson's automobile department.

The false impression that the bill became a law has caused no small amount of trouble the past few weeks in the automobile department where officials said most of the 30,000 rural mail carriers of the state seem to believe they can get their auto licenses for \$2.

Gov. Small vetoed the bill on the grounds that it was class legislation and therefore unconstitutional.

WILL IMPROVE MASONIC TEMPLE

Rock Island.—By The A. P.—Improvement of the Masonic temple of Rock Island at a cost of \$60,000, has been decided upon. With this improvement the temple will be valued at \$300,000.

Mr. and Mrs. Hugh Hagan of Woodruff were in the city yesterday. They attended the Flinn-Hagan wedding.

SPRINGFIELD, Ill., Jan. 24.—Mid-winter and early summer weather last year, shattered all records for high temperatures in Illinois, according to Clarence J. Root, meteorologist in charge of the U. S. Weather Bureau here, reported in his annual summary for 1921.

Although May and July were too dry for agriculture fifty-six percent of the year's rainfall occurred during the crop growing season, M. Root said.

His report follows:

"The period consisting of the first three months of 1921 was the warmest on record, and the average snowfall was the least. The rivers were open during most of the winter. There was very little snow cover, but wheat came through in good condition. Flooding began in January. Vegetation made rapid growth during March, but crops were damaged and much of the fruit was killed by a severe freeze on the 27th. Further injury resulted from frosts in April. Severe weather prevailed in the northern division on April 16th-17th, including a damaging general wind, and ice storm, and heavy, drifting snow. The warmest similar period in the history of the Illinois section obtained from May 17th to the end of July. Corn made rapid growth, but spring sown grains deteriorated. May and July were too dry for agriculture. The summer was generally favorable for haying, harvesting, and threshing operations. Fifty-six percent of the year's precipitation occurred during the crop growing season. Considerable damage resulted from wind, hail and lightning during the spring and summer. Killing frosts came in October and November, but corn was safe by the end of September. However, there was much damage to the crop from other causes. Satisfactory progress was made with farm work during the autumn, and pastures and meadows were unusually good. There was very little snow cover during the closing months of the year, but wheat continued in good condition. A damaging ice storm occurred in the central counties in December."

The mean temperature and absolute minimum for 1921 were much higher than in any previous year, and the snowfall was the least on record. At Marengo, and Peoria, the mean temperature was about 2 1/2 degrees higher than that of any of the last 55 years. The precipitation was above normal at all but five stations, the exceptions being in the southern division. There were several areas with positive values of more than 5 inches, and at two stations the excess reached 15 inches. Generally speaking, the totals were least in the west-central and north-eastern portions, and greatest in the extreme south. The snowfall totals were greatest in the extreme north, and least in the vicinity of St. Louis, Mo., but there were good amounts near the Ohio river. The extremes were 44 inches in Lake county and 2 inches in St. Clair county. The percentage of the normal amounts by divisions is as follows: North, 49; central, 33; south, 47.

WINTER FARM WORK PROGRESSING.

SPRINGFIELD, Ill.—(By the A. P.)—Winter farm work in Illinois progressed with scarcely an interruption through adverse weather conditions up to mid-January, according to S. D. Fessenden, U. S. agricultural statistician here.

"Very little corn has been moving from the farms at present prices," he said. "Apparently many would sell if a price of 40 cents should be reached."

"The movement of hay to markets has been very light. Young clover has gone into the winter with an excellent start. Pastures have continued to furnish some feed in spots."

"The supply of farm labor is more than ample."

"Roads have been generally in poor condition, muddy for a time and frozen and rough."

VETOED RURAL MAIL CARRIERS AUTO BILL.

SPRINGFIELD, Ill.—(By the A. P.)—Mail carriers in Illinois remember that the 52nd general assembly passed a bill establishing a \$2 automobile fee for rural carriers but have forgot that Gov. ernor Small vetoed the bill, according to Secretary of State Emerson's automobile department.

The false impression that the bill became a law has caused no small amount of trouble the past few weeks in the automobile department where officials said most of the 30,000 rural mail carriers of the state seem to believe they can get their auto licenses for \$2.

Gov. Small vetoed the bill on the grounds that it was class legislation and therefore unconstitutional.

WILL IMPROVE MASONIC TEMPLE

Rock Island.—By The A. P.—Improvement of the Masonic temple of Rock Island at a cost of \$60,000, has been decided upon. With this improvement the temple will be valued at \$300,000.

Mr. and Mrs. Hugh Hagan of Woodruff were in the city yesterday. They attended the Flinn-Hagan wedding.

## WEATHER RECORDS WERE SHATTERED

Report of U. S. Weather Bureau Shows High Temperature in Summer and Midwinter in Illinois.

SPRINGFIELD, Ill., Jan. 24.—Mid-winter and early summer weather last year, shattered all records for high temperatures in Illinois, according to Clarence J. Root, meteorologist in charge of the U. S. Weather Bureau here, reported in his annual summary for 1921.

Although May and July were too dry for agriculture fifty-six percent of the year's rainfall occurred during the crop growing season, M. Root said.

His report follows:

"The period consisting of the first three months of 1921 was the warmest on record, and the average snowfall was the least. The rivers were open during most of the winter. Mr. and Mrs. Hugh Hagan of Woodruff were in the city yesterday. They attended the Flinn-Hagan wedding.

SPRINGFIELD, Ill., Jan. 24.—Mid-winter and early summer weather last year, shattered all records for high temperatures in Illinois, according to Clarence J. Root, meteorologist in charge of the U. S. Weather Bureau here, reported in his annual summary for 1921.

Although May and July were too dry for agriculture fifty-six percent of the year's rainfall occurred during the crop growing season, M. Root said.

His report follows:

"The period consisting of the first three months of 1921 was the warmest on record, and the average snowfall was the least. The rivers were open during most of the winter. There was very little snow cover, but wheat came through in good condition. Flooding began in January. Vegetation made rapid growth during March, but crops were damaged and much of the fruit was killed by a severe freeze on the 27th. Further injury resulted from frosts in April. Severe weather prevailed in the northern division on April 16th-17th, including a damaging general wind, and ice storm, and heavy, drifting snow. The warmest similar period in the history of the Illinois section obtained from May 17th to the end of July. Corn made rapid growth, but spring sown grains deteriorated. May and July were too dry for agriculture. The summer was generally favorable for haying, harvesting, and threshing operations. Fifty-six percent of the year's precipitation occurred during the crop growing season. Considerable damage resulted from wind, hail and lightning during the spring and summer. Killing frosts came in October and November, but corn was safe by the end of September. However, there was much damage to the crop from other causes. Satisfactory progress was made with farm work during the autumn, and pastures and meadows were unusually good. There was very little snow cover during the closing months of the year, but wheat continued in good condition. A damaging ice storm occurred in the central counties in December."

The mean temperature and absolute minimum for 1921 were much higher than in any previous year, and the snowfall was the least on record. At Marengo, and Peoria, the mean temperature was about 2 1/2 degrees higher than that of any of the last 55 years. The precipitation was above normal at all but five stations, the exceptions being in the southern division. There were several areas with positive values of more than 5 inches, and at two stations the excess reached 15 inches. Generally speaking, the totals were least in the west-central and north-eastern portions, and greatest in the extreme south. The snowfall totals were greatest in the extreme north, and least in the vicinity of St. Louis, Mo., but there were good amounts near the Ohio river. The extremes were 44 inches in Lake county and 2 inches in St. Clair county. The percentage of the normal amounts by divisions is as follows: North, 49; central, 33; south, 47.

WINTER FARM WORK PROGRESSING.

SPRINGFIELD, Ill.—(By the A. P.)—Winter farm work in Illinois progressed with scarcely an interruption through adverse weather conditions up to mid-January, according to S. D. Fessenden, U. S. agricultural statistician here.

"Very little corn has been moving from the farms at present prices," he said. "Apparently many would sell if a price of 40 cents should be reached."

"The movement of hay to markets has been very light. Young clover has gone into the winter with an excellent start. Pastures have continued to furnish some feed in spots."

"The supply of farm labor is more than ample."

"Roads have been generally in poor condition, muddy for a time and frozen and rough."

VETOED RURAL MAIL CARRIERS AUTO BILL.

SPRINGFIELD, Ill.—(By the A. P.)—Mail carriers in Illinois remember that the 52nd general assembly passed a bill establishing a \$2 automobile fee for rural carriers but have forgot that Gov. ernor Small vetoed the bill, according to Secretary of State Emerson's automobile department.

The false impression that the bill became a law has caused no small amount of trouble the past few weeks in the automobile department where officials said most of the 30,000 rural mail carriers of the state seem to believe they can get their auto licenses for \$2.

Gov. Small vetoed the bill on the grounds that it was class legislation and therefore unconstitutional.

WILL IMPROVE MASONIC TEMPLE

Rock Island.—By The A. P.—Improvement of the Masonic temple of Rock Island at a cost of \$60,000, has been decided upon. With this improvement the temple will be valued at \$300,000.

## ARENZVILLE CHURCH SOCIETY MEETS

Missionary Society of St. Peter's Lutheran Church Had Meeting at Home of Mrs. Henry Fischer—Other Arenzville News.

The Woman's Missionary society of St. Peter's Lutheran church of Arenzville, held their regular monthly meeting Thursday, January 19, at the home of Mrs. Henry Fischer. The meeting was called to order by the president, Mrs. John Schnitzler, who also discussed the topic, "American Lutherans in World Reconstruction." The material for the lesson found in the first chapter of "The Why and How of Foreign Missions and in the Magazine 'Lutheran Woman's Work.'" Rev. Garten spoke of the necessity of Lutheran Reconstruction in Central Europe, and the part American Lutherans should take in the

STATE HARD ROADS PROGRAM EXPLAINED

SENATOR MEENTS MADE ADDRESS BEFORE C. OF C. FORUM

Facts Presented to Show Energy and Soundness of Administration's Policy With Reference to State Highways — One Thousand Miles of Concrete Roads for 1922 Is Gov. Small's Slogan

Senator Richard R. Meents who introduced and pushed important road legislation at the last session of the general assembly, was in Jacksonville Tuesday to address the forum of the Chamber of Commerce on the hard road situation. Col. Miller head of the department of public works, was also expected but at the last moment found it impossible to come.

Senator Meents was a guest at dinner at the Peacock Inn, at 8:15 o'clock and later addressed the forum meeting, using "The Illinois Road Program" as his theme. At the dinner were representatives of the directors of the chamber of commerce, the automotive association, the Morgan County Good Roads association and the forum committee, the group including E. C. Crabtree, J. W. Merrigan, H. M. Capps, Henry Frisch, T. M. Tomlinson, V. R. Riley, W. A. Fay, Charles M. Strawn, J. G. Berger, W. E. Sullivan, Dr. Carl E. Black and Harold Welch.

At the conclusion of the dinner Mayor Crabtree, acting as chairman, introduced Senator Meents, who spoke briefly and informally upon the subject in which he is so much interested. A little later the forum meeting was held in the chamber of commerce rooms, with Dr. Carl E. Black presiding. Senator Meents used a map in connection with his address and told the story of hard road development to date and about the program in prospect in a way which proved most informing to his audience.

The Governor's Road Program. In concluding his remarks the senator laid emphasis upon the savings that Governor Small has effected by his refusal to build roads at any price, and said that all along the governor had insisted that the state must receive a dollar's worth of road improvement for every dollar expended. He suggested that those who believe in the hard road system and hope for its rapid development should aid Governor Small in every possible way in the efforts of the executive to complete a thousand miles this year.

At the conclusion of the address an opportunity was given for questions and the informal discussion resulting added considerably to the interest of the event.

Senator Meents gives evidence of a thorough understanding of the state's road system and he explained a great many facts in connection with the road development program that held the interest of his audience.

Mileage Facts Given. "While I am proud of Illinois," said the senator, "I am not going to hide the facts and it is worth your thought that this state stands first in agriculture, second in wealth, third in population and twenty-third in the good roads program. There are 96,000 miles of highway in Illinois, with less than one-third improved. There are three general systems of roads in the state: the trunk line roads or the \$60,000,000 bond issue roads, with a mileage of 4,500; the roads covering 12,000 miles which are known as state aid roads, between community centers in the various counties; then there are the township roads of \$6,000 miles which are the roads running to every village, farm and truck patch in every county.

"The bond issue roads represent about 5 per cent of the mileage of the state highways, but when completed will carry about 60 per cent of the traffic. These roads will connect practically every county seat, every town of 2,500 or more and will place 66

per cent of the people of the state on the roads, and 85 per cent within five miles of the system. "The program for 1921 was delayed in the beginning by the high prices. The bids opened Feb. 18 ran from \$33,000 to \$44,000 per mile, and the contracts were not let. The bids were opened again three months later and the figures ran from \$27,500 to \$29,500, the savings ranging from \$8,000 to \$15,000 per mile. Other contracts were let at still lower prices and the year showed the completion of 401.5 miles of standard concrete roads, more for the year than in any other state except Pennsylvania.

Huge Task For Year. "In this work there were employed during the year 7,500 men, 1,600 teams and 120 concrete mixers, work being done in 51 counties of the state.

"It should be borne in mind that Illinois is building a transportation system and not a boulevard system, and the roadways are being prepared for heavy traffic. The plan as outlined by the state department provides for 1,000 miles of road contracts this year and this huge task will be accomplished if the people uphold the administration in the hard road work. The size of this year's task may be judged from the fact that the work will require 3,500,000 barrels of cement, 1,600,000 tons of sand, and 1,000,000 tons of stone.

The speaker in conclusion laid emphasis upon four points which he evidently wished to especially emphasize upon the auditors. "First: that I hope you will keep in mind that Governor Small will not let contracts for roads regardless of cost. Much propaganda has been sent out by certain interests to encourage building of roads regardless of cost. The governor has proven the fallacy of this program by the difference of bids Feb. 18 and May 18.

"Second: Governor Small expects a dollar's worth of road for every dollar expended and inspection of the highways built in 1921 will prove this claim. "Third: The governor is going to endeavor to complete or have under contract the entire 4,500 miles of bond issue roads before the expiration of his term of office as governor. "Fourth: The completion of more than 400 miles of concrete roads in 1921 and the general facts relating thereto afford ample proof that the governor is making good on his road program. So it is the duty of citizens who are interested in the good road cause to give the executive their hearty support in this matter and to help remove every obstacle in his way to speed completion of the bond system roads and to help him to take the proper rank as a good roads statesman."

Open Discussion. During the question period the speakers were T. M. Tomlinson, W. E. Sullivan, John Snyder, of Alexandria, J. W. Wilson of Jacksonville, Charles S. Black, Roy E. Richardson, Clifford Lieb of Riggsport, R. Y. Rowe, Dr. C. C. Corbran, Leo Sullivan and Dr. A. M. King.

Before Senator Meents' address Miss Terhune sang two songs which were greatly appreciated. With Miss Merker as accompanist. Both young women are of the College of Music. After the address came a social hour with refreshments, and the whole evening was one of the most successful that the forum committees of the Chamber of Commerce has arranged.

M. E. CLEARY SALE At farm 4 miles west of city on Mound Road, horses and mules, cows, hogs, grain and hay, implements, some excellent offerings. Today at 10:30 A. M.

PROBATE COURT. In the conservatorship of Lydia E. Meyer, the court appointed Fred Engelbach as conservator, succeeding the late Christian S. Kreuger.

CLUBS AND SOCIETY

Entertains Club Members.

Mrs. H. A. McLaughlin entertained the members of her card club last evening at the Peacock Inn. Five tables of bridge were made up and several hours were enjoyed in playing. A delicious supper was served in the blue room during the evening.

Fast Side Club Holds Mid-Winter Picnic.

The annual mid-winter picnic of the East Side Tuesday club was held last evening at the home of Mrs. E. L. Kinney on South Prairie street. Club members and their friends numbering about seventy-five gathered at the Kinney home about 6 o'clock and at six-thirty a delicious picnic supper menu was served. The hours of the evening following the supper were spent with games and an informal program. Miss Lillian Swift and Mrs. Clarence Rataichak gave a group of readings and the Misses Bradley gave a number of musical selections. Miss Margaret Williamson gave an interpretative dance and Miss Helen Turner sang a group of songs. The committee in charge of last evening's delightful affair was chairmaned by Miss Winnie Wackerle, and included Mrs. Schram, Mrs. Clarence Rataichak, Mrs. E. L. Kinney and Miss Mary Knollenberg.

D. A. R. Members In January Meeting.

The January Meeting of the Reverend James Caldwell Chapter of the D. A. R. was held yesterday afternoon at the Governor Duncan Memorial home. The program of the afternoon was in charge of Mrs. Lizzie Gregory Bufile who took as her subject, "What It Means to be a D. A. R." In her talk Mrs. Bufile told of the national significance of the D. A. R. and emphasized the advantages of membership in the organization. She gave a history of the organization and told of Memorial Continental hall, which is the national headquarters for the D. A. R. In a very inspiring way Mrs. Bufile pointed out the fact that it is both a national privilege and duty and a personal pleasure to be a Daughter of the American Revolution.

Mrs. Ethel Corrington Harber was the chairman of the hostesses for the meeting and following the program delicious refreshments were served. The other hostesses were, Mrs. Nelson McMurphy, Miss Pauline McMurphy, Mrs. Ellen Merrill, Mrs. Marshall Miller, Mrs. Sara McCoy Miller, Mrs. Nellie E. Mills of Virginia, Mrs. Ensey Moore, Miss Lydia H. Moss, Miss Mabel Moss, Miss Josephine Morey, Mrs. Lucy A. Moore, Mrs. Mary Oves, Mrs. William Newman, Jr., Miss Ella Newman, Mrs. C. C. Phelps, Mrs. C. B. Powell, Miss Jeanette Powell, Miss Elizabeth Newman, and Mrs. Charles Price.

Trinity Guild In All Day Meeting.

The members of Trinity Guild held an all day meeting Tuesday at the parish house. There was a good attendance and much was accomplished in the way of sewing. The time was largely spent in making vestments for the choir members. At noon an excellent luncheon was served and at 1 o'clock a business session was held. Mrs. Hary Edgerston as president, had charge of the meeting and several matters of importance were given attention.

Orleans Woman's Country Club Met.

The Orleans Woman's Country Club met yesterday afternoon at the home of Mrs. Anna Drury. Several interesting papers on Canada were read at this meeting. The program included a paper on "The Government and Climate of Canada," by Mrs. George Graff, and "The Canadian Rockies," by Mrs. Fred Moeller.

There were fifteen members present to enjoy the program and

delicious refreshments were served afterwards by the hostess.

The meeting adjourned to meet January 31st at the home of Mrs. George Graff.

Miss Pearl Brunk Given Surprise.

A delightful surprise was given last evening for Miss Pearl Brunk at her home. Fifteen of her school mates, all of her age called in a body and spent the evening. The occasion was Miss Brunk's fifteenth birthday. The occasion was secretly planned by Mr. and Mrs. Brunk assisted by Mrs. James H. Sheppard.

The evening was most pleasantly spent by the young folks. Games and music constituted the entertainment. Light refreshments were served. Miss Brunk received a number of presents as a token of the esteem in which she is held by her school mates.

W. C. T. U. Met at Old People's Home.

The W. C. T. U. held its regular meeting yesterday at the Old People's Home. Miss Olive Blunt assisted by Miss Jennie Grassley entertained the ladies. Miss Blunt gave a talk on the subject of which she is superintendent relating to Missions and Temperance. Also a recital on the "Principle of Soul Growth." The following named ten girls of David Prince School arrived at the meeting and in Japanese costumes represented the custom of serving teas in Japan, and street salutation. The following girls participated in this program: Margaret Stubblefield, Marie Wiley, Elizabeth Wainwright, Elizabeth Acom, Mary Smith, Jennette Conboy, Hazel Carlisle, Laura Young, Katherine Hemple and Ruth Roberts. Following this part of the program coffee and home-made cookies were served. This followed an informal song service with Mrs. Hoffman singing two solos and playing her own accompaniment on the piano. The girls were escorted around the home and were very much enthused in the care taken of the home and the occupants. All were invited to return again.

Mrs. E. C. Scott Hostess to Household Science Club.

Mrs. E. C. Scott was hostess to the Household Science Club at her home, 125 Westminister street Tuesday afternoon. There was a large attendance of members and several guests.

Two interesting papers were presented during the afternoon. A paper on "Rugs and Rug Making" prepared by Mrs. T. P. Carter was read by Mrs. George S. Rogerson. The paper told the story of early rug weaving during Colonial days and also took up Oriental rug weaving. The second paper was on "Jellies and Preserves" prepared and presented by Mrs. W. O. Wallis. A general discussion followed the papers and members exchanged ideas and recipes for jelly and preserv making.

The next meeting will be held February 21 with Mrs. John R. Davis. Mrs. H. A. Perrin will present a paper on Literature for the Home and Mrs. H. C. Woltman will present a paper on "A Well Balanced Meal."

Farewell Party for Mr. and Mrs. Otis Mason.

Mr. and Mrs. Otis Mason were given a farewell party Tuesday evening at their home east of the city, the affair being planned by Mrs. Mason's sister, Mrs. Bishop Kinnett. Mr. and Mrs. Mason are to leave in a few weeks for a home in the Joy Prairie neighborhood and it was for this reason that the party was arranged last night.

The guests traveled to the Mason home in bob sleds, taking with them great baskets filled with good things to eat. The hours were very pleasantly spent with games and music and when the guests departed it was with the hope that their host and hostess may have prosperity and happiness in their new home.

J. R. Club Meets With Miss Gruber.

The regular fortnightly meeting of the J. R. club was held Tuesday evening at the home of Miss Henrietta Gruber, 228 West College avenue. The evening was very pleasantly spent with games and contests and several musical numbers were also included in the program. Refreshments were served during the hours. The members of the club are all girls from Routt college and are Misses Eloise Kennedy, Elre and Eloise Lukeman, Celia Maloney, Lucille Kennedy, Frances Sheehan, Margaret Kelly and Miss Gruber.

The next meeting of the club will be held at the home of Miss Celia Maloney on Hardin avenue.

ELECTION VOTE CANVASS COMPLETED

The official canvass of votes in the last election was made Tuesday in the office of County Clerk Riggs. The official results giving H. L. Catron, Republican candidate for member of the constitutional convention 451 votes, Luther Park, Democratic candidate, 237 votes and John Hindmarsh, Farmer-Labor party, 8 votes.

As before indicated, the returns were canvassed with special promptness so that the secretary of state may be notified and Mr. Catron take his seat as a member of the convention just as soon as possible.

REAL ESTATE TRANSFERS. L. F. Berger to Charles Brackebury, lots 10 and 11, etc. Lake View addition to Mercedosa—\$250.

E. Weakley to C. T. Holbrook, lots 50 and 51, Prentice—\$900.

J. E. Osborne to F. J. Blackburn, lots in Mound Heights addition—\$1.

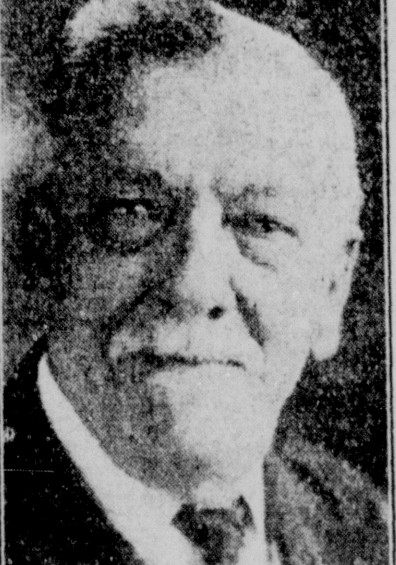

J. Williams, et al to J. W. Rynders, lot 7, Israel Taggart & Smith's addition—\$1.

MATTHEW MINTER RECEIVES JEWEL

Was Presented at the Annual Roll Call of Illinois Lodge Tuesday Evening—Has Been Odd Fellow For Fifty Years.

January 23, Matthew Minter rounded out fifty years of continuous membership in Illinois Lodge No. 4. Mr. Minter became an Odd Fellow in 1872 and through the years has been active in the work of Illinois lodge.

He has filled all of the chairs in the lodge and also has the distinction of being one of the few Odd Fellows who has held the

Mathew Minter.

chair of Noble Grand in the Rebekah Lodge. Mr. Minter is also past Noble Grand of Jacksonville Lodge No. 13.

In addition to serving in the local lodge Mr. Minter has gone as representative to the Grand Lodge and also has held important committee appointments in the state body.

It is seldom that two members of the same family attain such long membership in a lodge. But Illinois lodge now has two members, John and Matthew Minter who have been members 50 years, the former having received his jewel several years ago. The lodge also has at the present time five members living who have received the fifty year veteran's jewel. They are: James Cruise, R. A. Kuechler, Jacob Tindall, J. C. Paradise, John and Matthew Minter.

Many Members Present.

Several hundred members gathered in Odd Fellows Temple Tuesday evening for the annual roll call and the presentation to Mr. Minter, Hon. Horace H. Bancroft, served most acceptably as chairman of the evening and announced the musical numbers and introduced the speakers. The program opened with a song by the quartet consisting of C. B. Magill, Ben Denney, Maurice Peckam and James Guyette. Earl Richardson served as accompanist.

Mr. Bancroft then appointed a committee consisting of E. M. Dunlap and Thomas Harber to escort Mr. Minter to a seat on the platform on his right. The main address of the evening was by Col. O. C. Smith who delivered an excellent address which was heard with close interest.

Mr. Bancroft then introduced Hon. John J. Reeve who presented Mr. Minter with the veteran's jewel. Mr. Reeve, in the course of his remarks, referred to Mr. Minter's long and honored career both as an Odd Fellow and a citizen. Mr. Minter though deeply moved by the occasion responded appropriately.

During the course of the roll call many members responded with brief talks and letters were read from many absent members, among them being F. E. McDougall, Monrovia, California, and J. C. Paradise of Keokuk, Iowa. Mr. McDougall made a fine photograph of Mr. Minter during his visit to California last summer, and sent it back to be placed on the walls of the temple. Mr. Paradise is also a veteran of fifty years, and received his jewel from Illinois lodge in 1920.

The impressive program closed with the singing of "Blest Be the Tie That Binds."

The members then were invited to the dining room where a large cake with fifty candles was cut by Mr. Minter and refreshments were served and a social hour enjoyed. The annual roll call of 1922 will go down as one of the most successful in the history of Illinois Lodge.

PUBLIC SALE

I will hold a public sale at my home in Murrayville Friday, Jan. 27th at 12 noon consisting of eighteen cows, all fresh by day of sale. VERNON BAKER

MURRAYVILLE LODGE INITIATES THREE

At a regular session of the Murrayville Rebekah lodge held Tuesday evening three candidates were initiated, namely, Marion Voyles of Manchester; Mrs. Susan Carlson and Mrs. Lora Angelo. After the ceremony came a social time and the serving of refreshments.

ENJOYING STAY IN SOUTH.

Mr. and Mrs. John Kearns, who are taking a vacation trip to the south, have written Jacksonville friends from Clarkburg, West Virginia. It is like summer there and Mr. and Mrs. Kearns are greatly enjoying their stay in this land of sunshine.

Mr. and Mrs. Clarence Rataichak have returned from a week end visit with Mr. and Mrs. Roy Nichol of Concord precinct.

## MYERS BROTHERS

DEATHS

Meyer. The many friends of Mrs. Katharine Meyer will be grieved to learn of her death, which occurred Monday morning at 11:05 o'clock at her home near New Berlin. Her death was the result of a paralytic stroke which attacked her last Thursday.

The deceased has many relatives residing near Jacksonville, and two grandchildren, Esther and Kimer Meyer, of this city, as well as a large list of friends. She was formerly a resident of Morgan county.

The funeral services will be held Thursday morning at 9 o'clock at the family residence near New Berlin. Burial will be made in the cemetery at Pleasant Plains.

REVIVAL AT BETHEL CHURCH

The big revival at Bethel A. M. E. church in charge of the lady evangelist is creating great interest. She sings songs each night that move the audience to tears and rejoicing. Those who fail to hear her will miss a spiritual treat. Each night she sings a new song, the one announced for tonight being, "Come and Dine." The public is cordially invited to these services.

TROOP SEVEN BOY SCOUTS WIN GAME.

Troop 7 of the Boy Scouts played a game of basketball last evening with the west end team. The game was played in the gymnasium of the school for the Deaf. The score was 34 to 7 in favor of the Scouts. Some tight playing was reported and especially in the last half.

IS VISITOR HERE.

Mrs. Emma Sax of Emporia, Kans., is here for a visit of several days at the home of her cousin, Mrs. S. L. Biggs, on South Clay avenue.

LICENSED TO MARRY.

HOMEMAkers CIRCLE MEETS AT FRANKLIN

The Homemakers Circle of Franklin held a regular meeting Tuesday afternoon at the home of Mrs. James L. Seymour. The members were present in large numbers and an interesting program was carried out. Mrs. Salie Wyatt was unable to be present and her paper on "The Mexican Republic," was presented by Mrs. William Rees. Another paper presented was on the life of Lincoln, written by Mrs. Martin VanWinkle and presented by Mrs. Edward Evans. Victrola music was a feature of the afternoon program.

A social hour followed the formal program and at this time the hostess served delightful refreshments. Among the guests present were, Mrs. Luther Wiley, Mrs. Alice Mansfield, Mrs. Lloyd Dahman, Mrs. William Bull, Miss Rena Watson.

The next meeting will be on Tuesday, Feb. 7, at the home of Mrs. Warren Luttrell.

TELLS I. C. STUDENTS OF NEEDS IN RUSSIA

The second meeting in the world wide student movement, was held at Illinois college Tuesday morning. The speaker at this time was B. J. Lowery, who has recently returned to America from Petrograd where he spent a period of six months studying the condition of students at the colleges and universities.

Mr. Lowery gave an interesting account of the life of these students, many of whom are in need of the actual necessities of life but who nevertheless pursue their studies with great earnestness. The food rations supplied these students are scant and they are also badly in need of text books and clothing.

The speaker is a graduate of Worcester college in Iowa, and has spent some time in the student relief work. He was brought to this city by the Y. M. C. A. and Y. W. C. A. of Illinois college to assist in raising funds for the relief work.

HI Y. BOYS MET TUESDAY EVENING.

The Hi Y. Club held its regular weekly meeting last evening at Centenary church. Fifty-six boys were in attendance. A supper was served by the ladies of the church with Mrs. T. B. Reeve as hostess.

Before the supper hour the boys were shown an exhibit on "Keeping Fit" furnished by the State Board of Health. After the exhibit Dr. Woltman gave the boys a practical talk along the subject of good health. The talk was very helpful to the boys and greatly appreciated.

An early adjournment was made in order that the boys might attend the High school movie.

Louis L. Horen left this morning for St. Louis to attend a college fraternity dance at the Columbia Club of that city.

ELECTION FACTS CALLED TO NOTICE

February 10th is First Date for Filing Petitions in Primary — County Clerk Riggs Announces Plan for Drawing.

Many inquiries are being made of County Clerk Riggs as to the primary election which is to be held April 11. The fact that candidates are more numerous than usual has caused the special interest in the election event Feb. 10 is the first day upon which petitions may be filed with the county clerk for place on the county ticket and March 3 is the last day.

Mr. Riggs stated yesterday that by the plan he will follow, candidates will draw for place on the ticket after all petitions have been filed. By this arrangement there will be no contest to file first in order to have place at the head of the list. The method of drawing for place is equitable to all and will avoid a great deal of trouble for the candidates.

EXECUTORS' SALE

At the home of the late T. E. Rea, 1 1/2 miles south of Woodson, Ill., Feb. 7, 1922, at 10:00 A. M., sharp, horses, mules, hogs, grain, farming implements, tractor, Ford Roadster and Truck combined, and many other articles.

Conveyances will meet all trains at Woodson. Lunch served. John W. Rea, and J. Weir Elliott, Executors.

JACKSONVILLE LODGE CONFERS RANK OF KNIGHT.

At the regular meeting of Jacksonville Lodge No. 152 Knights of Pythias the rank of Knight was conferred on the following: Dwight Freeman, E. Hendrickson, Edwin Welborn and Harold Hiler.

During the meeting a letter addressed to the lodge from the secretary-treasurer of the Christian church at Poole, Va., was read. The letter solicited aid from the lodge to finish a new church building being erected in that place. The Knights donated a neat sum and ordered same forwarded to the proper authorities. It was stated that this was the first church to be built in that community.

The lodge was favored with a number of vocal selections by the Pythian Quartette. After the session refreshments were served.

PUBLIC SALE

**INTERESTING FACTS ABOUT DEEP SNOWS**

Green County Man Recalls Dates of Deep Snows in Past Winters.

WHITE HALL, Jan. 22.—The fall of 5.5 inches of snow between 1:30 p. m. and 11 p. m. Saturday has brought added encouragement to the excellent prospects for winter wheat, but occurred on the heels of a pronouncement of the

local weather wag, Byron Terhune, that snows in Illinois are a thing of the past. The present snow is shown to be heavy in comparison with other important snows in local weather annals, which are here given:

On April 3-5, 1920, there was a snowfall of 6.2 inches that blocked traffic on highways for two days, especially along east and west roads.

On January 6-7, 1918, there was a fall of 6 inches, followed by another snowstorm of 1.6 inches that resulted in a double-header blizzard probably the most paralyzing since records have been maintained. Railroads were tied up for three days.

February 6, 1916, 6 inches.

December 24-25, 1915, 9 inches.

January 22, 1915, 7 inches.

The month of February, 1914, shows a total of 12.5 inches for the month, there being snow on the ground every day. The month was ushered in on January 31st, 1914, with a snowfall of 10 inches.

December 16, 1911, 6 inches.

February 19-20, 1911, 5.5 inches.

December 24-25, 1909, 5.8 inches.

January 25, 1895, 8 inches.

February 12, 1894, 9 inches.

January 25, 1894, 5 inches.

December 29-30, 1886, 5 inches.

The regular prayer meeting service will be held at Alexander on Wednesday at 7:30 p. m. The subject for the service will be "Cen-

tering" Mrs. F. Neel will be the leader. The Sunday school county secretary, J. S. Findley, will be present and preach also.

Judge and Mrs. William E. Thomson of 1440 South Main street are entertaining a young lady and gentleman who arrived on January 22nd. Mother and babies are doing nicely.

Harvey Woolworth and Harold Coking in company with a number of other young people motored to Beardsdown last evening to attend a dance.

**COOKING SCHOOL ATTRACTS MANY**

Excellent Demonstration Given by Miss Hinkley—Subject for Today, "Use and Abuse of Fats."

"The Way to a Man's Heart is"—well you know what it is and so does every one else. Over two hundred women proved this fact yesterday afternoon when they gathered at the Courier's cooking school to learn efficient and modern methods of the culinary art.

The rooms at the Chamber of Commerce headquarters where the school is being held were filled to overflowing with Jacksonville housewives who listened with interest to the lecture and demonstration given by Miss Elsie Hinkley of the Corn Products Refining Company of Chicago.

The management of the school wishes to announce that the seating arrangement for the demonstration will be changed so that all those who attend the school may be assured of ample seating facilities. The Clark Jewel stove being used in the demonstrations will be moved into the west assembly room and the seating capacity for this afternoon's session will be greatly enlarged. At 2 o'clock this afternoon Miss Hinkley will give a lecture on, "The Use and Abuse of Fats," and will give a demonstration on, "Deep Fat Frying."

The subject of Miss Hinkley's lecture yesterday afternoon was "The Key to Success in Cooking" and she gave a very practical and helpful demonstration on the making of cakes and icings. The cakes were passed around following the demonstration and the finished products proved the value of the practical and excellent methods used in their preparation. All the women who attended the school were very enthusiastic concerning the rare opportunities which such a school affords and many were heard to say that they would "be back tomorrow."

Following are the recipes used for the cakes and icings made yesterday.

**I. Coconut Fluff Cake.**  
1-2 cup flour.  
2-1-2 teaspoon B. P.  
1-2 teaspoon salt.  
1-2 cup cocoanut.  
2-3 cup sugar.  
1 egg beaten.  
1-2 cup milk or water.  
1-4 cup mazola.  
1-2 teaspoon flavoring.

Directions—Mix sugar with liquid, mazola and flavoring, and allow to stand until it is partially dissolved. Sift dry ingredients together. Add cocoanut, liquid mixture and beaten eggs. Stir quickly, bake as cup cakes or as loaf. Heat oven 20 min. 400 degrees.

**II. White Cake.**  
2 cups flour.  
3 teaspoons B. P.  
1-2 teaspoon salt.  
3 eggs—(whites.)  
2-3 cup water.  
1 cup sugar.  
1-2 cup mazola.  
1 teaspoon vanilla (scant.)

Directions—Mix together sugar water and flavoring and allow to stand until sugar is partially dissolved. Sift together dry ingredients. Add sugar and water mixture, and mazola. Stir until no lumps are visible and fold in eggs, white beaten stiff. Bake in moderate oven 35 to 40 minutes. Cup cakes.

**III. Mocha Icing.**  
1-1-2 cups powdered sugar.  
4 tablespoons cocoa.  
Few grains salt.  
2 teaspoons mazola.  
1 tablespoon vanilla.  
1-2 teaspoon vanilla.

Coffee sufficient to spread (about 5 tablespoons.) Mix all ingredients thoroughly adding coffee gradually.

**IV. Marshmallow Frosting.**  
1-1-3 cups sugar.  
1-2 cup cold water.  
1 tablespoon Karo, Red Label.  
1 or 2 egg whites.  
1 tablespoon marshmallow cream, or 6 marshmallows.

Flavoring. (This frosting will remain creamy without becoming hard.)

Method—Boil sugar, Karo and water until syrup is clear. Add three tablespoons to the beaten egg whites. Then return syrup to fire and let cook until it spins a permanent thread. Add slowly to beaten egg whites the marshmallow cream or marshmallows adding gradually and working into the frosting. Beat until it piles up without sinking.

Miss Hinkley will give two demonstrations in deep fat frying at the High school this morning.

**DAVIS SWITCH**

Mr. and Mrs. Sam Butler entertained at a bountiful dinner Sunday, Mr. and Mrs. James Devore, Mr. and Mrs. Porter Bell and children, Mr. and Mrs. Otto Grimmett and children, Mr. and Mrs. Thomas Butler and daughter, Mr. and Mrs. Jack Leach, Alex. Currier and son Harry and Mrs. George Reece and son and Ben Reece, all of Jacksonville.

The Unity Workers of Woodson Presbyterian church will serve a chicken pie dinner Thursday, January 26 at the Rev. Powell's home in Woodson.

Theodore, little son of Mr. and Mrs. William Paul has returned home from Passavant hospital after spending a few days there for treatment.

Mr. and Mrs. Porter Bell and children were recent visitors with Mr. and Mrs. John Wells and family in Jacksonville.

Mrs. Sarah Voorhees returned to her home after spending a very pleasant week with Mr. and Mrs. Howard McGee south of the city.

**FARM BUREAU NOTES****Meeting of Farm Hands**

The employers of farm labor voted unanimously at the meeting on Saturday in favor of a similar meeting of farm hands at 1:30 P. M. Saturday, January 28th. The Farm Bureau office has no mailing list of farm hands and must depend upon the newspapers to give publicity to this meeting. Any farm hand in Morgan county is welcome to attend the meeting at the Farm Bureau office, learn the conditions that are confronting farmers at this season and get first hand facts about the supply of farm labor and the wages and living conditions offered elsewhere. It is hoped that as a result of these conferences, employers and employees will early get together and make an agreement for this coming season. Until this is done conditions are decidedly unsettled, for both employer and employee.

**Pruning Demonstration**

Dan Baldwin of East State street has agreed to give a pruning demonstration at Robert Harney's farm south of Jacksonville at 1:30 P. M. Thursday, January 26th. Mr. Baldwin was raised in a nursery and will demonstrate how to prune old apple trees, young apple trees and grape vines. Any interested party is welcome to attend this demonstration.

**Co-Operative Spraying Ring**

There is perhaps a greater need of taking care of the orchards we now have than of planting new ones. The matter of spraying is a primary importance. In some localities they are organizing co-operative spraying rings. The details of such organization will be explained at the pruning demonstration Thursday.

**Dry Lime Sulphur**

This material has proved effective in controlling the San Jose scale and promises to displace the commercial liquid lime sulphur. The material now has the endorsement of our experiment station and no orchardist need hesitate to buy it.

**Marketing Ear Corn**

There are some parts of Morgan county where they are perfectly willing to market ear corn. The farmers in the vicinity of the McCarty's Farmers Elevator shipped numerous earcobs last fall and winter and are preparing to repeat the work now. J. A. Brown and Ed Duerwer have both had the experience of shipping directly to farmers with no back kick when the corn was received. By specializing on ear corn, it is possible to get a premium over the market price and to get rid of the surplus.

**Ready for the Pig Club**

Dwight Green, whose home is northeast of the city, is again interested in joining the pig club. He is ready to enroll one of his Berkshire gilts for the sow and litter project. Last year he took \$30 in premiums at the Morgan county fair and \$24 at the Illinois State Fair. Dwight wishes there were more boys who would raise Berkshire pigs. He would enjoy a little livelier competition.

**SHOWER WAS GIVEN AT LYNNVILLE HOME**

Miss Marie Campbell Entertains in Honor of Mrs. Gertrude Dods-worth—Other Lynnville Items.

Lynnville, Jan. 23.—A shower for Mrs. Gertrude Gordon Dods-worth was given at the home of Mr. and Mrs. James Campbell Tuesday afternoon, from 2 to 5 o'clock. Those present were Mr. and Mrs. James Campbell and daughters Carrie and Nannie. Nettie Hills, Mamie Potter, Pearl Fligg, Nettie and Gertrude Ranson, Eunice and Annie Conbes, George Conbes, Mrs. Lucy Jewsbury, Mrs. Jettie Stainforth, Mrs. Mabel Heaton, Mrs. Overton, Mrs. Belle Jewsbury, Mrs. Belle Campbell, Mrs. Lela Jewsbury, Mabel Goveia, Mrs. Callie Gibbs, Mrs. Erylin Kitchen, Mrs. Will Gordon and daughter Gertrude.

Refreshments were served and the occasion was a very pleasant one. Many useful articles were tendered by the guests, and all departed wishing the bride and groom every good fortune.

A jolly party of young folks gathered at the home of George Fligg Friday night for an evening with rook.

Mr. and Mrs. Ralph Heaton are visiting at the home of their parents Mr. and Mrs. Charles Gertrude.

Mrs. Fred Craven of Versailles is visiting with her parents, Mr. and Mrs. James Campbell.

Services were held in the Christian church Sunday for the first time in three weeks, on account of the accidental bursting of the water pipes connected with the heating system.

L. M. Shirliff gave a delightful hamburger fry to a company of friends Tuesday evening at his home. Rook and music were enjoyed. Those present were Mr. and Mrs. Charles German and daughter, Lillian, Mr. and Mrs. Ralph Heaton of Ridgehouse, Mr. and Mrs. George Fligg and daughter Pearl, Mr. and Mrs. Roy Heaton and daughter, Helen Louise, Mary Moore, Joe Fligg and Joseph Allen of Visalia, Cal.

George Hills, one of our most respected citizens, is still in a critical condition, being confined to his bed for the past three months. His illness is the result of old age, having just passed his 87th birthday.

Rev. Mr. Pontius of Jacksonville visited Rev. L. R. Cronkhite Tuesday.

Mr. and Mrs. Harry Stainforth, now visiting their daughter, Mrs. Winnie St. Clair, of Lawrence, Kans., are both reported on the sick list.

Miss Pearl Jewsbury of Jacksonville, is visiting at the home of Fred Jewsbury and family.

Dan Ward of Sinclair paid the city a visit yesterday.

Miss E. Eldridge of Tallula spent the day with Jacksonville friends yesterday.

**THE EMERALD**

One of the Worlds Three Precious Stones

The Emerald and the Ruby have been placed in all ages as the most precious of jewels, the latter because of its color being considered by the purely romantically inclined as heading the list.

But the Emerald has not lacked it following among those of great wealth.

The term "Indian Emerald" is applied to the specimen of warm, velvety, grass-green stones which resemble those in the treasures

of the old Indian princes.

The Columbia Emerald is a warm, yellowish green, while the Siberian has a distinctively cold bluish-green color.

The "Indian Emerald" came from mines unknown today.

The Emerald is a stone of beauty and romance and can be had in many beautiful settings, at very fair prices.

If you are considering a birthday or anniversary gift, let us show you Emeralds.

**To Put on Good Firm Flesh and Round Out Your Face and Figure**

Get a FREE \$1.00 Package of Genuine Yeast Vitamine Tablets Today as Explained Below—Try Them for Ten Days and Watch the Results

Science has at last shown how we sometimes grow weak, thin, and emaciated on an abundance of food (lacking in vitamins) while with a much smaller amount of food, rich in vitamins, we may quickly take on good firm flesh, increase in weight, and make a remarkable gain in strength, energy and endurance, provided your blood contains sufficient quantity of oxygenated organic iron to enable your body to assimilate your food properly.

Without organic iron both food and vitamins are absolutely useless as your body cannot change lifeless inert food

matter into living cells and tissue unless you have plenty of organic iron in your blood. For centuries scientists tried in vain to make organic iron. At last the problem was solved so that you may now obtain pure organic iron like the iron in your blood from any druggist under the name of "Nuxated Iron."

It has been arranged to give every purchaser of Nuxated Iron, who wishes to put on flesh or increase weight, a large regular \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free. Be sure to take only Nuxated Brand Yeast Vitamine Tablets with Nuxated Iron. Do not be misled by imitations which often contain drugs.

**FREE \$1.00 COUPON**

This coupon, if used within five days, entitles you to one regular \$1.00 package of Genuine Yeast Vitamine Tablets, absolutely free with each bottle of Nuxated Iron that you purchase. If your dealer does not have our Vitamine Tablets he can easily obtain them for you from any wholesale house. Cut out this coupon and present it to your dealer today.

1922

Another year with new problems to meet, and for most of us, the greatest problem will be "economy."

Merchandise prices are still much too high as compared to our incomes; it will require care and prudence to "make ends meet."

We have in the past been able to supply your needs at prices that were within your reach. This year we hope to serve you still better. If you have dea't here you know that we always give the utmost in value and service; if you have not, we hope to become acquainted in 1922.

**GOLDEN WEDDING CELEBRATED SUNDAY**

Mr. and Mrs. Andrew Wright Married Fifty Years Ago—Anniversary Observed at Home, Near Ashland.

Mr. and Mrs. Andrew Wright celebrated their golden wedding anniversary Sunday at their home about four miles west of Ashland, with a family gathering, all of their six children and their families being present for the occasion, it being the first time they had all been together for a number of years and it was a very enjoyable day for all.

Andrew Wright and Sarah A. Baxter were united in marriage Jan. 22, 1872, at the home of brother George Baxter, long since deceased, two miles south of Alexander, Morgan county, Illinois. Rev. George W. Bates, pastor of the M. E. church in Franklin, at that time performing the marriage ceremony in the presence of a number of relatives and friends, only three of whom are still living.

They began house keeping in a little cottage at the station of Orleans and soon afterwards began farming. They resided in the vicinity of Orleans and Murfreesville for about ten years, when in 1883 they removed to their present home in Cass county.

where they have resided ever since.

Both Mr. and Mrs. Wright enjoy good health and are quite active. They are among the most highly respected citizens of the community and county in which they reside. Mr. Wright has held a number of minor public offices, the duties of which were always discharged in a highly satisfactory manner, and was once the candidate of his party for the office of sheriff.

A number of letters and messages of congratulations were received from relatives and friends residing at a distance, together with beautiful floral gifts coming from Iowa and Wisconsin. Those who were present were as follows: Mr. and Mrs. Andrew Wright; Mr. and Mrs. Jas. W. Wright of Indianapolis, Ind.; Mr. and Mrs. L. G. Wright and Mr. and Mrs. Jesse McNeely, of Philadelphia, Ill.; Mr. and Mrs. N. W. Wright and son, Glenn, of Ashland; T. H. Wright of Maroa, Ill.; and Joseph A. Wright, residing at home with the parents.

**ENTERTAINED BLUFFS BASKETBALL TEAM**

Mrs. Thomas Meehan Entertained Team Members at Supper Recently—Other Bluffs News of Interest.

BLUFFS, Jan. 20.—Mrs. Thomas Meehan entertained the members of the basketball team at her home Wednesday evening in honor of their victory over the Pittsfield High Friday night of last week. A very pleasant evening was spent and a bountiful supper was served by the hostess.

The members of the Household Science club entertained for Mrs. H. Corlidge a member, who will leave for her new home in Champagne about February 1st, at the home of Mrs. Victor Knoppel on Wednesday night. A splendid program was arranged by the committee in charge and the evening was a pleasant one. At 10:30 o'clock a two course luncheon was served. Each member responded with a toast on various subjects assigned.

The guests departed at 11:00 o'clock after having passed a delightful evening each wishing Mr. and Mrs. Corlidge success and happiness in their new home in Champagne where they will take charge of a bakery and grocery store.

Mrs. Charles Wolke of Jacksonville spent a portion of last week with her parents Mr. and Mrs. Wm. McLaughlin.

Mrs. Charley Bennett and her daughter, Mrs. Greta Kesterson, who were seriously injured in an auto accident near Meredosia on Sunday are convalescing and are still at the home of Mr. and Mrs. Clyde McAllister, relatives, where they were taken immediately after the accident.

Dr. Archer Burbank of Concordia, Kansas, who was called here by the illness of his father, Erwin Burbank, has returned to his home.

Miss Ethel Chapman who has been spending the winter in Florida has returned to her home near Bluffs.

**FORMER GREENE COUNTY RESIDENT IS DEAD**

WHITE HALL, Jan. 19.—A telegram from Canton this morning brought intelligence of the death of Mrs. Rose Lavina Denney widow of the late John W. Denney of White Hall, who had been with her son Cameron in Canton since November. Death must have been sudden as it was totally unexpected here, a letter from the deceased as late as last Tuesday giving not the least indication that she was ailing. The remains will arrive over the Burlington early Friday morning, and they will be taken to the home of her daughter Mrs. F. M. Novins, on Worcester street, adjoining Mrs. Denney's home, and there funeral services will be held Saturday afternoon, with burial in the White Hall cemetery. Another daughter, Mrs. Maurice Thomas, resides in White Hall, and there are four sons, Bernard and Cameron, Canton, and Ross and Clarence White Hall. Her husband died some 25 years ago.

**ODD FELLOWS WILL HAVE BOOSTER MEETING**

Uranula Lodge Number 243, I. O. O. F., are planning a big booster meeting and banquet to be held Thursday evening at the lodge rooms on East State street. Each Odd Fellow is to bring a guest and it is expected that some two hundred and fifty men will be present. An excellent supper will be served at 6 o'clock and during the evening a most entertaining program of musical numbers, readings, and talks has been planned by the committee in charge. Good fellowship will be the watch word for the evening and a royal good time is expected for all who attend.

**SELLS FINE CAPONS.**

Mrs. Alfred Swinger living near Orleans yesterday sold some fine Capon chickens. There were about one hundred and thirty-three chickens and they sold at 31 cents a pound, so this sale netted Mrs. Swinger quite a nice little sum.

**RETURNS FROM WEST.**

Miss Nell Day returned Saturday evening to her home in this city after a visit of several months in the west. Miss Day visited first in California and later went to Portland, Oregon, to visit her brother who resides there. On her homeward journey Miss Day stopped in Chicago for several days.

Miss Martha Dobson expects to leave this week for Chicago where she will spend several weeks visiting with friends.

Mr. and Mrs. Otis Taylor spent yesterday in Springfield visiting relatives.

**THE LIMITATION OF ARMAMENT CONFERENCE**  
 By Congressman Guy L. Shaw.

As we draw near the end of the Conference on the Limitation of Armament, I wish I could say that there is no disappointment in the back of our minds about the accomplishments of the party.

We have, it is true, made some splendid strides forward but there remains the feeling that not as many causes that might develop into aggressive warfare have been eliminated as we hoped would be.

Somehow I hoped that with the new Premier of France, M. Poincare, would come a change in the policy of France. It seemed to me that a wonderful opportunity was afforded her to regain her lost prestige. I hoped that she would hasten not only to assure the Washington conference of her desire to co-operate fully with the aims of the conference but actually co-operate by reducing her armaments; by accepting the ratios of limitation of all armament that the assembled nations have agreed upon.

How splendid it would have been for her to come forth, with surely no loss of dignity, but again in every way to herself and to the world and co-operate with the other nations in reducing the financial burden of the people; release the greater portion of her armed men to become producers instead of an expense to the nation, that expense borne by the people. But no, M. Poincare's utterances are even more militaristic than M. Briand's. Courteous notes sent to Secretary Hughes—Yes—but what do they amount to without deeds. Talk of economic reform is manifestly idle talk in the face of their vast expenditures.

**Should Not Counsel Debts.**

In France the idea prevails that we are going to cancel their debt to us. Why should we? Why should we pay to keep up a big army in France? Are we not doing that? Of course, we are. We loaned \$11,000,000 to foreign countries. If we cancel that debt we will have to tax the people to raise money for things which that sum would take care of. Why should America so burden her own people? We are endeavoring to be patient with the attitude of France and also Japan in their tendencies to show lack of frank and free treatment of conference matters. The policy of delay which Japan has pursued all through the parley has been exasperating to say the least. And now, when every final action hangs upon the Shantung decision, Japan still delays her agreement and the conference waits.

The "open door" policy in China has been brought forward to be re-defined. Secretary Hughes made a proposal to create a Board of Review to which might be submitted any question pertaining to the establishment of foreign relations in China. Resolutions were drafted by Secretary Hughes and were agreed to by all the powers except France and Japan who await word from their governments.

In brief the resolution would bind the United States, Great Britain, Japan, France, Italy, Belgium, Portugal and the Netherlands not to seek spheres of influence in China or procure monopolies that would prevent other nations from engaging in the same pursuits or plans.

**Publish Secret Pacts.**  
 One important item in the working out of the "open door" policy is the agreement to publish all secret pacts that have been made with China in the past. With these documents in existence no headway could possibly be made toward their dealing. Japan is the only power that did not give immediate consent to the publication of all secret pacts with China. She is still holding back on that subject as well.

All discrimination on railroad lines in China is to be barred. Every nation is to be treated alike in connection with use of the railroads which are now to be under Chinese control it is proposed. It is probable that Japan will return the Kiachow mines leased to her by China.

Taken all together China is really gaining much in the conference and she is well pleased except perhaps in the case of the 5 percent tariff. She wanted a higher rate now but is assured that a 7 1/2 percent rate and more will follow. China is greatly gratified over the dissolution of the Anglo-Japanese alliance.

The reparations question is occupying the mind of Europe just now and America does well to withhold her decision as to her acceptance to attend the conference in March until she is assured of the exact nature of the meeting. America cannot afford to become entangled in the political squabbles of Europe though she is anxious to lend her aid to the economic adjustment of the nations concerned.

An open session of the conference is talked of for next week. There have been no sessions to which anyone was admitted except the foreign delegates and our own four American members since the middle of December. All the work of the conference has been done in closed sessions by committees and sub-committees.

In a few days the world will be able to judge the accomplishments of the conference as a whole and it will judge each nation by its conduct at the conference, because each has had the opportunity to show its true character.

**LADIES' AID TO MEET.**

The Ladies' Aid of State street Presbyterian church will make surgical dressings at the home of Mrs. W. D. Doying Thursday afternoon beginning at 1:30.

**Mid-Winter Tire Sale**

We are offering these Sensational Tire Bargains in order to stimulate winter business in tires. In order to do this we are going to give you part of Our Profit.

**A REAL GUARANTEE HERE**

We realize that people are not looking so much at the name on the tire. It is the name above the door that counts. You want to buy where you can get service and get it quickly. Therefore we make all adjustments in our own store, right here, at once. We act as a factory branch. No red tape to adjustments here. You do not have to fill out and sign up a large blank of particulars and then WAIT.

This sale begins at once and will continue for a limited time. We do not believe tires will be cheaper; in fact, the market on tires is turning upward. Buy now at prices you cannot duplicate in the spring.
